Rant Chuck Palahniuk,2011-05-31 Rant is the oral history of one Buster Rant Casey in which an assortment of friends enemies detractors lovers and relations have their say on the man who may or may not be the most efficient serial killer of our time Rant is a darkly glittering anti hero whose recreational drug of choice is rabies and whose own personal Viagra is the venom of a black widow spider He soon leaves his half feral hometown for the big city where he becomes the leader of an urban demolition derby called Party Crashing On designated nights the Party Crashers chase each other in cars in the hope of a collision and all the while Rant the superspreader transmits his lethal disease

Teaching Palahniuk: The Treasures of Transgression in the Age of Trump and Beyond Christopher Burlingame,2022-05-10 While much has been written about Chuck Palahniuk and his body of work next to nothing has been written about when where and how it is necessary to teach Palahniuk This collection will reveal that teaching Palahniuk s work and the discursive dynamic of the classroom interactions create new opportunities for scholarship by both the faculty member and his or her students Despite early critical success with Fight Club Invisible Monsters and Choke Palahniuk s novels are increasingly dismissed for the very transgressive content that makes them essential pedagogical tools in the Age of Trump where truth isn t truth and tribalism is stoked with claims of fake news This collection aims to broaden the scholarship by examining under represented and unrepresented works from his oeuvre and situating them in the context of their pedagogical implications In both form and content the transgressive nature of Palahniuk s work demands critical thought and reflection capacities that are necessary for the preservation of a democratic society Contributors take various approaches to address what students can learn about writing literature and society by reading and analyzing Palahniuk s texts The collection will discuss the value of teaching Palahniuk innovations and various disciplinary contexts for teaching his works and reflections on some of those pedagogical opportunities Through its multi faceted discussion of Palahniuk and pedagogy this collection will legitimize efforts to bring his work onto syllabi and into the classroom where it can enhance student engagement create new avenues for inter disciplinary scholarship and re invigorate an expansion of the canon It will also provide diverse frameworks for incorporating and interpreting Palahniuk s writing across disciplines Finally the collection will offer post mortems from faculty members who have found the guts to teach Palahniuk and will offer insight into what students have gained and stand to gain from a more intensive Palahniuk pedagogy

Violence and Dystopia Daniel Cojocaru,2015-09-18 Violence and Dystopia is a critical examination of imitative desire scapegoating and sacrifice in selected

contemporary Western dystopian narratives through the lens of Ren Girard's mimetic theory. The first chapter offers an overview of the history of Western utopia/dystopia with a special emphasis on the problem of conflictive mimesis and scapegoating violence and a critical introduction to Girard's theory. The second chapter is devoted to J.G. Ballard's seminal novel *Crash* (1973), Chuck Palahniuk's *Fight Club* (1996) and *Rant* (2007) and Brad Anderson's film *The Machinist* (2004). It is argued that the car crash functions as a metaphor for conflictive mimetic desire and leads to a quasi-sacrificial crisis as defined by Girard for archaic religion. The third chapter focuses on the psychogeographical writings of Iain Sinclair and Peter Ackroyd. Walking the streets of London, the pedestrian represents the excluded underside of the world of Ballardian speed. The walking subject is portrayed in terms of the expelled victim of Girardian theory. The fourth chapter considers violent crowds as portrayed by Ballard's late fiction, the writings of Stewart Home and David Peace's *GB84* (2004). In accordance with Girard's hypothesis, the discussed narratives reveal the failure of scapegoat expulsion to restore peace to the potentially self-destructive violent crowds. The fifth chapter examines the post-apocalyptic environments resulting from failed scapegoat expulsion and mimetic conflict out of control as portrayed in Sinclair's *Radon Daughters* (1994), Margaret Atwood's *The Handmaid's Tale* (1985) and *Oryx and Crake* (2003) and Will Self's *The Book of Dave* (2006).

Professional Education with Fiction Media Christine Jarvis, Patricia Gouthro, 2019-07-15. This book analyses how narrative fictions can be used by faculty and staff in the teaching of professionals in higher education. As professional life becomes ever more demanding, this book draws together the work of researchers and practitioners who have explored the tremendous impact that narrative fictions (novels, short stories, drama, and poetry) can have on development. The editors and contributors posit that fiction can help professionals imagine new ways of being, reinvent their roles, and tackle problems without a road map. Using fiction can also provide a safe place for the exploration of ethics and decision making, as well as furnishing tools for the development of empathy and engagement by offering vicarious experiences of drastically different lives and situations. A medium that by its very nature contains a multiplicity of interpretations, using fiction in professional education can enhance the education of professionals working in a range of disciplines, including health, education, social care, law, and science.
