Mobility Scooters Great Britain. Parliament. House of Commons. Transport Committee, 2010 In the light of anecdotal accounts of accidents involving the vehicles but little hard evidence MPs urge the Government to collect better data on the use of scooters as well as incidents and injuries where they are involved To develop sound policy we need a comprehensive evidence base detailing the number and nature of incidents involving mobility scooters on the UK's pavements and roads Only by doing so will issues such as the legal status of mobility scooters the appropriateness of proficiency tests and the rights of users to take the vehicles on public transport be adequately addressed The Committee's report notes that the Department for Transport has launched a consultation on many of these issues but is concerned that

after a similar review in 2005 Ministers failed to act on many of its findings With a growing number of mobility scooter users on the UK s pavements and roads the MPs call on the Government to take decisive action where necessary Site Planning Gary Hack,2018-04-27 A comprehensive state of the art guide to site planning covering planning processes new technologies and sustainability with extensive treatment of practices in rapidly urbanizing countries Cities are built site by site Site planning the art and science of designing settlements on the land encompasses a range of activities undertaken by architects planners urban designers landscape architects and engineers This book offers a comprehensive up to date guide to site planning that is global in scope It covers planning processes and standards new technologies sustainability and cultural context addressing the roles of all participants and stakeholders and offering extensive treatment of practices in rapidly urbanizing countries Kevin Lynch and Gary Hack wrote the classic text on the subject and this book takes up where the earlier book left off It can be used as a textbook and will be an essential reference for practitioners Site Planning consists of forty self contained modules organized into five parts The Art of Site Planning which presents site planning as a shared enterprise Understanding Sites covering the components of site analysis Planning Sites covering the processes involved Site Infrastructure from transit to waste systems and Site Prototypes including housing recreation and mixed use Each module offers a brief introduction covers standards or approaches provides examples and presents innovative practices in sidebars The book is lavishly illustrated with 1350 photographs diagrams and examples of practice **The Pong Of Power** Mark Hanlon,2018-11-27 What would happen if an ordinary person were elected Prime Minister The Pong Of Power is a political comedy detailing the hilarious antics of the Old Lady as she unexpectedly becomes Prime Minister following a shopping centre rant on top of her mobility scooter pledging to restore Old Lady Values to the UK s public and political life But all is not as it seems Dark forces aid the Old Lady s rise to power and then work to destroy her as soon as she is elected She thinks doing the job of Prime Minister will be easy But her dreams soon turn into a nightmare as she faces the most challenging set of crises ever to hit a British Prime Minister Can she stop the descent of the country and the world into the ultimate chaos The Pong Of Power is ideal for fans of comedy and readers with an interest in politics Intelligent Systems and Applications Yaxin Bi,Rahul Bhatia,Supriya Kapoor,2019-08-23 The book presents a remarkable collection of chapters covering a wide range of topics in the areas of intelligent systems and artificial intelligence and their real world applications It gathers the proceedings of the Intelligent Systems Conference 2019 which attracted a total of 546 submissions from pioneering researchers scientists industrial engineers and students from all around the world These submissions underwent a double blind peer review process after which 190 were selected for inclusion in these proceedings As intelligent systems continue to replace and sometimes outperform human intelligence in decision making processes they have made it possible to tackle a host of problems more effectively This branching out of computational intelligence in several directions and use of intelligent systems in everyday applications have created the need for an international conference as a venue for reporting on
