Mario Ferrari on Wine and Food Mario Ferrari, Joan Dew, 1985 When I first came to America I was shocked to learn that wine was either considered a drink for the elite or something winos hid in a brown sack to sip in an alleyway Now Americans are coming to accept wine for what it is a healthy natural drink that goes better with food than any other liquid I wanted to write this book for the same reason I wanted to open a restaurant 20 years ago I saw a need In studying wine books during the 3 years I've been writing a weekly wine column for the Nashville Banner I never found one volume that contained all the information I wanted especially one that focused on the marriage of wine and food Plant Based Cookbook with Pictures Vol 2 Mario Rigatin, 2022-04-09 Do you know that almost all cookbooks don't have photos of each recipe Well my cookbook has pictures for each recipe In this cookbook you will find An image for each recipe A surprise for you on page 5 Calories and nutritional information Slow cooker recipes Dressing recipes Smoothies recipe You will notice some animal products in these recipes These are the recipes that are great to start with if you're working on weaning yourself off of those products while others can use plant based substitutions While you will see the odd animal product throughout the recipes in this book you will find that each recipe is also perfect for plant based customizations Are you looking for plant based foods in your diet without sacrificing satisfaction or flavor If so then scroll up and click add to cart now
