Ravel The Illustrated Lives Of The Great Composers:

The Illustrated Lives of the Great Composers: Ravel James Burnett, 2011-08-01 It has been said that no music amplifies the French ideals of precision and good taste better than the work of Maurice Ravel yet his background could scarcely have been more cosmopolitan. The son of a Swiss father and a Basque mother he was born near St Jean de Luz in 1875 he died in Paris at the age of sixty two. His primary inspiration and in consequence the character of his best music came from art and life. He was exceptionally sensitive to the new current of thought and the aesthetic changes in the Arts following the First World War. Indeed the music of Ravel is an accurate reflection of the man himself. This lavishly illustrated book which sets the work and achievements of Ravel in the context of the events of his time will appeal to the general music lover and also to the serious student.

New Illustrated Lives of Great Composers: Liszt Bryce Morrison, 2014-09-30 Arguably the greatest of all piano virtuosos Liszt was one of the few composers of his day who had the technique to perform his own compositions. A child prodigy pianist who could read music before he could recite the alphabet Franz Liszt is one of the most outrageously gifted and most controversial figures in classical music. Unconventional in both his approach to composing and his personal life he had a reputation for courting hostility and riding rough shod over other people's feelings particularly those of his musical peers. This lavishly illustrated book chronicles Liszt's life and times with the help of many rare photographs and contemporary prints. With numerous quotations from the people who knew him best extracts from personal

letters and diaries this remarkable book gives an intimate picture of the composer's private life and also investigates the complex religious and emotional forces which inspired his music Journal of the Royal College of Physicians of London Royal College of Physicians of London, 1987 The Lives and Times of the Great Composers Michael Steen, 2004 Gioachino Rossini was one of the most influential as well as one of the most industrious and emotionally complex of the great nineteenth century composers Between 1810 and 1829 he wrote thirty nine operas a body of work comic and serious which transformed Italian opera and radically altered the course of opera in France His retirement from operatic composition in 1829 at the age of 37 was widely assumed to be the act of a talented but lazy man In reality political events and a series of debilitating illnesses were the determining factors After drafting the Stabat mater in 1832 Rossini wrote no music of consequence for the best part of twenty five years before the clouds lifted and he began composing again in Paris in the late 1850s During this glorious Indian summer of his career he wrote 150 songs and solo piano pieces his Sins of Old Age and his final masterpiece the Petite Messe solennelle The image of Rossini as a gifted but feckless amateur the witty high spirited bon vivant who dashed off The Barber of Seville in a mere thirteen days persisted down the years until the centenary of his death in 1968 inaugurated a process of re evaluation by scholars performers and writers The original 1985 edition of Richard Osborn's Rossini redefined the life and provided detailed analyses of the complete Rossini oeuvre Twenty years on all Rossini's operas have been staged and recorded a Critical Edition of his works is well advanced and a scholarly edition of his correspondence including 250 previously unknown letters from Rossini to his parents is in progress **BOOK JACKET** *The Great Composers and Their Works* Nicolas Slonimsky, 2000 Provides biographical information on nineteen composers describes the musical components of their major works and provides anecdotal background on those works **Ravel** Burnett James, 1983 LIFE, 1962-11-30 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use **The Listener's Companion: The Great Composers and their Works** Nicolas Slonimsky, 2012-02-22 Renowned for his literary style as well as his musical scholarship Nicolas Slonimsky wrote many program notes and articles for newspapers and other periodicals in addition to his well known books These shorter writings edited by Slonimsky's daughter Electra Yourke are collected for the first time in this excellent introduction to the classical repertoire from Bach to Shostakovich Arranged chronologically by composer the chapters begin with biographical sketches and go on to describe some of each composer's most popular and important works **LIFE**, 1962-11-30 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use *Nenkan Shūsho Mokuroku* Musashino Ongaku Daigaku.
