

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Rescaling municipal governance amidst political competition in Gauteng: Sedibeng's proposed re-demarcation Thembanani Mkhize,2021-08-27 In 2011 the Gauteng Provincial Government proposed that Sedibeng a Category C district municipality located in the province should be restructured Although the original proposal had anticipated that this would happen after the 2016 local elections the issue remains unresolved due largely to fierce party political opposition and vociferous protests against it on the ground This Occasional Paper examines the dynamics particularities peculiarities and challenges of re demarcating the Gauteng City Region While informed by technical reasons the arguments for and against the merger have tended to gravitate more towards party political rationales for why the re demarcation should or should not go ahead Although these debates raise important merits and demerits for the proposal they are difficult to disentangle from the interests of those whose fortunes would be changed by restructuring In this environment municipal demarcation risks being held hostage by party politics with stakeholders such as political parties using any means at their disposal to have things go their way including by scapegoating the Municipal Demarcation Board MDB The case of Sedibeng presents important lessons about attempts to make post transition local government and mechanisms for determining its configuration work for Gauteng It also highlights the need for strengthening and revising demarcation related legislation How can we make sure that the MDB functions effectively with respect to its primary goals
