Can't Stop Walking Murphy V. S. Anderson, 2021-04-07 Can't Stop Walking Every Walk Must First Begin with a Step Purpose and Direction is a stunning and incisive nonfictional narrative which critiques some of the cultural traditional and societal issues which impacted and challenged the lives of many Liberians especially the youth who suffered blood and died in their ignorance during the Liberian Civil War This is a book uniquely written to bring the readers mentally closer to some information and experiences that may seem unrealistic but true inconceivable or trivia but factual The book reveals the tireless and unwavering efforts made by two friends bound together in one faith and purpose with a desire to change the mindset of youths who were actively involved in a civil war It discusses how these two friends nonviolently challenged the culture tradition and societal elites of a small town by engaging the youth and elders through the Trinity Plan and helped transform a struggling church threatened by dogmas and traditional practices

Hidden Gospels Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have

Pert, Nancy Marriott, 2006 Everything You Need to Know to Feel Go o d is Candace Pert s response to the questions she s been asked in her worldwide travels ever since the publication of her book Molecules of Emotion and her appearance in the film What the Bleep Do We Know She discovered that at the end of the day all people really want to know is how to feel good Within these pages Dr Pert shares the answers she s found both in the biomedical laboratory of mainstream science and in the laboratory of her own evolving life Her amazing journey documents how mind body and spirit cannot be separated and that we re hard wired for bliss which is both physical and divine Feeling good and feeling God she believes are one and the same From beginning to end this book takes us on an entertaining romp through the many bodymind avenues separating the woo woo from real science and pointing the way toward using new paradigm therapies detoxing our food and environment forgiving and healing our relationships understanding depression staying young and creating the reality we want to experience Consciousness mind emotions and God are all factored into the mix resulting in a lot of beneficial advice and self development insights that will empower us toward health well being and feeling Go o d It Takes a Church to Raise a Christian Tod E. Bolsinger, 2004-04 Rediscover the triune nature of God to reawaken and nourish a communal spirit in our individualist times Be Generous David Marell, 2003-04-01 This small captivating volume is a perfect gift and a welcome companion for the times when we all need something to ground us in the moment and give us a chance to catch our breath Be Generous and the other hundred quick and quirky meditations remind us that lifes little foibles are what life and spiritual practice are really about Everything from making love to getting up in the middle of the night to pee to parking in the city is fodder for Marells finely honed sense of being in the moment The meditations are funny and serious and urge us to practice compassion bask in abundance meditate laugh and rejoice in our perfect and imperfect lives They give us the opportunity to breathe From the book I Make My Own Decisions I paid fifty dollars to park my car I paid fifty dollars to park my car I paid fifty dollars to park my car Breathe Breathe Thank you Thank you More than a hundred quirky original meditations are designed to bring you back to the here and now along with black and white illustrations by the author that go with meditations on dental floss The New American Spirituality Elizabeth Lesser, 1999 Elizabeth Lesser offers up a rich cornucopia of lessons for the soul in The New American Spirituality a warm and fascinating account of a modern pilgrimage Daniel Goleman Ph D author of Emotional Intelligence In the crowded field of books dealing with spirituality psychology and religion what has been missing is a comprehensive authoritative guide to the many choices facing spiritual seekers today The New American Spirituality fills that need This encouraging empowering user s manual for the soul teaches you how to chart a unique and personal path through the diverse landscapes of the American spiritual quest In 1977 Lesser cofounded the Omega Institute now America s largest adult education center focusing on wellness and spirituality Working with many of the eminent thinkers and practitioners of our times in the fields of religion psychology mysticism science and healing Lesser found that the hunger for a spiritual life

can be satisfied by a rich blend of the world's wisdom traditions. In *The New American Spirituality* she synthesizes the lessons she has learned from different belief systems and intertwines them with illuminating stories from her life as a seeker, teacher, daughter, wife, and mother. She answers pertinent questions: how do you determine what is right for you from the many strains of the modern spiritual search? how do you assess a teacher or practice? how can you gauge your progress while warning of the tendency to miss out on real growth by merely dabbling in the latest fads? Recounting her own trials and errors and offering meditative exercises as well as references to some of the world's great spiritual teachers, Lesser provides directions through the four landscapes of the spiritual journey: the mind (developing awareness, learning meditation, easing stress and anxiety), the heart (finding what one really loves, dealing with grief and loss, becoming fully alive), the body (returning the body to the spiritual fold, healing, coping with aging and the fear of death), and the soul (naming God for ourselves, exploring other realms of consciousness, trusting the mysterious nature of the universe, developing compassion and forgiveness). Warm, accessible, and wise, *The New American Spirituality* is a cross-disciplinary sourcebook for the millions of Americans who, whether or not they participate in an organized religion, wish to incorporate a more meaningful, joyful, and individualized spirituality into their daily lives.

Adventures in Spirituality Robert P. Vande Kappelle, 2020-02-17. Contrary to popular culture, the goal of life is not happiness but meaning. Those who seek happiness by trying to avoid or finesse conflict, suffering, doubt, and change will find life increasingly superficial. Feeling good is a flawed measure of life, but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda. The ego does whatever it can to make itself comfortable, whereas spirituality is about wholeness. *Adventures in Spirituality* represents the culmination of Dr. Vande Kappelle's forty-year teaching career, incorporating in one volume his views on topics as varied as theology, Christology, biblical interpretation, spirituality, ethics, world religions, religion and science, faith and reason, and church history. Reared in Costa Rica, the son of missionary parents, Dr. Vande Kappelle describes his journey from belief to faith as a transition from pre-critical to post-critical understanding, from evangelical Christianity to what he calls alternative orthodoxy. Narrating the shift from first to second half of life experience, he introduces readers to core principles that shaped his values, thinking, and way of life. Useful for individual or group study, *Adventures in Spirituality* encourages readers to take risks with their lives and faith, affirming that this is how one grows spiritually.

Broken Open Elizabeth Lesser, 2010-01-26. And the time came when the risk to remain tight in a bud was more painful than the risk it took to blossom. Anaïs Nin. Elizabeth Lesser shows how it is possible to deal with fearful change or a painful loss and be reborn like the Phoenix to a more vibrant and enlightened self. In *Broken Open*, she shares penetrating tales from her own life, the lives of those she has taught and counselled, and the lives of friends and family, tales that explore the big challenges of death, illness, and divorce, as well as the daily roller coaster rides of relationships, parenting, and work. Woven into these stories are quotations from great poets and philosophers. And following them is a toolbox of valuable aids, including meditation, psychological enquiry, and spiritual practice. The result is a book that

runs the gamut of the human experience and in a style that is genuine funny often heartbreaking but always inspiring she shows us how we too can allow the pain of adversity to break us open instead of breaking us down making us bitter or closing our hearts

Living Graciously on Planet Earth Robert P. Vande Kappelle, 2016-05-18 Humans are happiest when they live virtuously Building on the premise that the purpose of life is happiness conducive to the equitable flourishing of all humanity Living Graciously on Planet Earth argues that the appropriate way to regard our abilities and moral opportunities is as gifts for the common good to be used for the glory of God guided by the biblical principles of stewardship and community Utilizing a biblical approach and a Trinitarian perspective while maintaining an appreciative eye to the contributions of the world's living religions Dr Vande Kappelle argues for a hierarchy of values necessary for gracious living in the twenty first century Ancient wisdom claims there are seven primary virtues four natural prudence justice fortitude and temperance and three supernatural faith hope and love As the natural virtues help us grow morally the supernatural virtues are designed for transformation Using insights from the Enneagram as well as from diverse scholars such as Karen Armstrong Marcus Borg James Fowler Matthew Fox C S Lewis Robin W Lovin and Huston Smith Living Graciously examines the seven virtues in biblical social and cosmic context This book's uplifting message delivers the perfect antidote to the current social malaise characterized by arrogance suspicion negligence and consumption In addition this book addresses difficult questions such as Do we live in a moral universe Is there a benevolent deity watching over us Is there a purpose to life on earth and Is there a summum bonum a greatest good The answers in this insightful presentation will challenge your thinking and energize your living Useful for individual or group use each chapter contains aids to learning including a thesis statement indicating the central idea of the chapter b a list of key biblical passages c a chapter summary and d questions for discussion and reflection

The Challenges of Pastoral Leadership Ronald Rojas, John Alvarez, 2012-08-07 Its too easy to learn and apply business leadership models to the pastoral sector But is it the best alternative to form Church leaders What are we

missing when we use business models in ministry This book is about creating more sensitivity on how some of these secularly learned models can inadvertently limit pastoral effectiveness and suggests an hourglass approach to leadership capable of fostering a set of principles more harmonious with ministry intent In many ways this book is a guide for cultivating and developing a more authentic sense of leadership in ministry one that emerges from within the scholarly sources of the leadership field but at the same time is rooted in the principle leadership is a spiritual practice This book is a must have for clergy religious women and men and anyone engaged with forming ministry leaders or performing leadership roles in diocesan parish life or Church ministry

Self-Help Books Sandra K. Dolby, 2010-10-01 Understanding instead of lamenting the popularity of self help books Based on a reading of more than three hundred self help books Sandra K Dolby examines this remarkably popular genre to define self help in a way that is compelling to academics and lay readers alike Self Help Books also offers an interpretation of why these books are so popular arguing that they continue the well established American penchant for self education they articulate problems of daily life and their supposed solutions and that they present their content in a form and style that is accessible rather than arcane Using tools associated with folklore studies Dolby then examines how the genre makes use of stories aphorisms and a worldview that is at once traditional and contemporary The overarching premise of the study is that self help books much like fairy tales take traditional materials especially stories and ideas and recast them into extended essays that people happily read think about try to apply and then set aside when a new embodiment of the genre comes along
