Seeking More Of The Sky Growing Up In The 1930 S:

Seeking More of the Sky Charles N. Stevens, 2014-12-02 The stories presented in this book follow the life of a young boy growing up in Inglewood California a suburb of Los Angeles during the 1930s The author lived during the depression when unemployment was affecting many and banks were closed while the clouds of war were gathering in Europe But he was lucky enough to be raised in a loving family the power of that love reflected throughout his stories. The day when boys would have cell phones television smart phones and Ipads was in the far distant future Boys made do with what they hadold tires bottle caps marbles spools and anything else they could find around the house forcing them to be inventive in their play It was a period when milkmen delivered milk in bottles icemen brought blocks of ice for the ice box and the sound of steam locomotives echoed through the town These true stories take the reader back to a simpler time Older readers may find a little of themselves in the stories while the young may be amazed by how boys lived over seventy five years ago Great Books Bonnie A. Discovering the Hidden Wisdom of The Little Prince Pierre Lassus, 2017-08-08 Finally one of the most of the most beloved books every published explained The Little Prince is revered around the world Two hundred million copies have been sold in 270 languages it is the fourth best selling book of all time Part of its allure is that is seems incredibly wise but so simple it is read as a work for children Yet its meaning is elusive and its place amid the writings of an adventurer and war hero acclaimed for dramatic bestsellers like Night Flight and Flight to Arras is mysterious In this elegant carefully argued book Pierre Lassus reexamines the story of The Little Prince against the facts of Saint Exup ry s own extraordinary life from his cherished but fatherless childhood in aristocratic poverty to his career as a pioneering pilot His plane had broken down in the desert before He had adopted a fox when posted at the Spanish fort of Cape Juby in southern Morocco He had known the world of business before becoming pilot he had also known unrequited love Like his little protagonist s his body was never found after his plane disappeared in World War II He was working on his spiritual autobiography when he died and there too Lassus finds resonances and keys to the understated spirituality of his last great book **On Becoming a Consumer** James U.
