Similarities For Nfsas Only:

Breaking a Rainbow, Building a Nation Rekgotsofetse Chikane, 2018-10-01 Breaking a Rainbow Building a Nation is a first hand account of the university protests that gripped South Africa between 2015 and 2017 widely better known as the FeesMustFall Chikane outlines the nature of student politics in the country before during and after the emergence of MustFall politics exploring the political dynamics that informed and drove the student protests and the effect that these MustFall movements have had on the nature of youth politics in the country Chikane looks at how the current nature of youth politics is different from previous youth upheavals that have defined South Africa specifically due to the fact that the protests were being led by so called coconuts who are part of the black elite Breaking a Rainbow Building a Nation poses the provocative question can coconuts be trusted with the revolution

Male Infertility Sergio Oehninger, Thinus Kruger, 2007-01-23 Male factor infertility is a common problem in reproductive medicine and can have a significant effect of the outcome of IVF treatment This comprehensive book covers the diagnosis and treatment of male factor infertility in depth It opens with a section on the basic science underlying the production of male gametes There is then a major section

Social Justice and Education in the 21st Century Willie Pearson Jr., Vijay Reddy, 2021-04-10 The world is not an equal place There are high and low income countries and high and low income households For each group there are differential educational opportunities leading to differential educational outcomes and differential labor market opportunities This pattern often reproduces the privileges and inequalities of groups in a society This book explores this differentiation in education from a social justice lens Comparing the United States and South Africa this book analyzes each country's developmental thinking on education from human capital and human rights approaches in both primary and higher education The enclosed contributions draw from different disciplines including legal studies sociology psychology computer science and public policy

QUALITY OF LIFE SURVEY V (2017/18) THE QUALITY OF LIFE OF STUDENTS IN GAUTENG Christian Hamann, Kate Joseph, 2020-07-29 GCRO Data Brief on quality of life of students *The Youth Dividend* Jan H. Hofmeyr, 2012

Government Managing Risk Bruce Chapman, 2006-09-27 Higher education rates are increasing throughout the Western world yet at the same time government budgets face increasing constraints This has ensured that the importance of student support is recognized in many countries In recent years there has been a world wide movement towards the use of income contingent loans ICL for higher education ICLs are now used in six countries following the Australian innovation of 1989 with the governments of many more countries looking very seriously at the model This impressive new book by Bruce Chapman analyzes ICLs particularly their use in supporting students exploring the experiences of a number of other countries adopting them Chapman presents analysis of a number of disparate case studies to illustrate how ICLs can aid risk management policy reforming in both progressive and administratively feasible ways This book describes examines and promotes an exciting new role for the public sector as a manager of risk and argues that ICLs have enormous potential to change the extent and nature

of social and economic activities With the author's experience in the design and implementation of the Australian student financial support schemes this is a knowledgeable informative and enlightening book that will be useful to researchers students and policy makers alike Creating the New African University, 2023-05-25 Creating the New African University grapples with the existence of African universities particularly in post independent Africa where Higher Education Institutions HEIs are supposed to live up to the expectations of being adaptive in dealing with prevalent complex dynamic contemporary and future challenges facing African societies The book tackles the issue of what ought to be done for African universities to maintain a structure and identity that ensures their relevance in Africa's development through generating and transforming knowledge into actions for the common good It engages issues within the context of how post colonial transformative obligations have been managed in light of the prevalent epistemological and pedagogical underpinnings that form the foundations of these universities as they seek to break from the clutches of colonial legacies This book further highlights an urgent need to do away with silos and embrace a multidisciplinary interdisciplinary transdisciplinary and cross disciplinary dialogical approach towards knowledge generation Such an approach is essential in efforts aimed at enhancing the sustainable reconfiguration of university structures and functions whilst linking knowledge produced to diverse social economic and political facets of African societies in ways that promote and sustain competitiveness in a rapidly globalising world beset with technological advancements

International Handbook on the Economics of Education Geraint Johnes, Jill Johnes, 2007-01-01 is a voluminous and timely collection of 18 essays that addresses a number of core issues on the economics of education An exhaustive survey of the literature on the role of universities as multi product firms at various levels and disciplines identifies the nature of the economies of scope and scale This enriches the volume further Economic Analysis Policy the endeavour of bringing together very knowledgeable contributors including some of the leading contributors to the literature in the UK and beyond to write a handbook on the economics of education is highly appreciated The Handbook contains 18 substantive chapters encapsulated by a brief introduction and an extensive and a very useful index the Handbook should be praised as a useful overview of the field of economics of education as it stands today Ludger W mann Economic Issues This major Handbook comprehensively surveys the rapidly growing field of the economics of education It is unique in that it comprises original contributions on an exceptional range of topics from a review of human capital signalling and screening models to consideration of issues such as educational externalities and economic growth funding models determinants of educational success the educational production function educational standards and efficiency measurement Labour market issues such as the market for teachers and the transition of students from school to work are also explored The International Handbook on the Economics of Education will be warmly welcomed by academic economists educational researchers and practitioners in educational management as well as policymakers Comprising specially commissioned articles the Handbook will become indispensable reference for this ever topical field of study

Youth In South Africa Ariane De Lannoy, Malose Langa, 2021-05-05 South Africa is characterised by a youthful population and the challenges and possibilities that characterise the young generation are both warning signs and beacons of hope for a nation founded on social justice Youth in South Africa Agency in visibility and national development takes stock of the nation's development as it affects young people Authors offer both personal and professional insights into the ways in which the youth navigate their own pathways to adulthood These include formal and informal engagements with politics as well as protest unemployment entrepreneurship education religion experiences with sexuality and violence and a multitude of other life experiences Contributors paint a picture of the initiative agency and resilience of the youth as well as the challenges before them Authors also identify the state of wait-hood faced by those unable to make the transition out of youth into full adulthood as a result of their socio-economic circumstances and political context By engaging these experiences and insights and primarily informed by the inputs of young people the authors highlight the limitations of existing youth policies and frameworks The case is made for policy instruments to be informed by the lived experiences of the youth as they navigate a complex macrosocial environment and by the messages the youth communicate about the limitations of current approaches

Empowering Novice Academics for Student Success Dr Johann Hugo, 2021-04-26 This book is essential for academics that enter the field of higher education and training as it focuses on preparing teachers and trainers to respond appropriately to student success challenges Student success is a burning issue both globally and locally While student achievement is determined by a combination of factors teachers and their teaching practices do matter Higher education teachers are expected to fulfil different roles at different times such as planning for curriculum implementation mentorship and coaching facilitating learning resource development and student assessment Against this background the primary purpose of *Empowering novice academics for student success* Wearing different hats is building the capacity of novice teachers and trainers to play an influential role in increasing student success throughout *From School to Higher Education?* Michael Cosser, Jacques Du Toit, 2002 This substantive report is essential reading for those involved in higher education planning and policy making **Service-Learning Paradigms** Kenneth Colburn, Jr., Rona Newmark, 2007-07 The papers in this volume have been selected primarily from the presentations at the International Symposium on Service Learning cosponsored by Stellenbosch University in South Africa and the University of Indianapolis in the United States It aims to explore service learning paradigms for the 21st century New Paradigms for Theory Research and Curriculum Development New Paradigms for Teaching and Learning and Paradigms for Intercommunity and Interdisciplinary Collaboration This volume provides clear evidence that the paradigm of service learning has gone global and international Service learning has become the new coin of the academic and civic realm for issues of connecting teaching scholarship and community services *Where Am I in the Picture?* Claudia Mitchell, Katarina Giritli-Nygren, Relebohile Molestane, 2023-12-18 Positionality and researcher reflexivity how to account for one's subject position remain as challenges

for new researchers But they also remain as challenges for experienced researchers who are often involved in multiple research projects simultaneously Where Am I in the Picture sheds light on the idea of researcher positionality through visual methodologies particularly in the context of studying rurality in Canada Sweden and South Africa The book is intended for new and experienced researchers seeking to decolonize their own perspectives in research in the social sciences and humanities It incorporates photographs drawings and memory work to highlight the social constructedness of what counts as rural Drawing together compelling narratives from researchers about their positionality in studying rurality the book highlights a need for greater attention to where we are in the picture more broadly It suggests that when it comes to the rural researchers need to rethink the interplay of dominant images insider and outsider perspectives and what this interplay means in relation to interpretation Where Am I in the Picture presents a new vision of how to take into consideration positionality in research

Handbook of Research on Coping Mechanisms for First-Year Students Transitioning to Higher Education Aloka, Peter, Mukuna, Kananga Robert, 2023-02-20 Transitioning from secondary to higher education is not a natural step for many first year students in higher education institutions There is a considerable difference between being a student at school and university and previous research has highlighted the difficulties faced by first year university students during their transition phase Higher education institutions and their departments acknowledge the challenges faced by new students and they differ in their approach to coping with the issue each seeks to find the most effective solution for its students To reduce the withdrawal rate during the first year of college higher education providers are expected to apply transition programs to help students transition The Handbook of Research on Coping Mechanisms for First Year Students Transitioning to Higher Education presents a comprehensive account of the dynamics in higher education institutions and culture shock for new students and analyzes models and theories of adjustment of new students in higher education institutions Covering key topics such as gender institutional support and success factors this reference work is ideal for administrators higher education professionals researchers scholars academicians practitioners instructors and students

Handbook of the Economics of Education Eric A. Hanushek, F. Welch, 2006-11-29 Vol 4 edited by Eric A Hanushek Stephen Machin Ludger Woessmann What is the value of an education Volume 4 combines recent data with new methodologies to examine this and related questions from diverse perspectives School choice and school competition educator incentives the college premium and other considerations help make sense of the investments and returns associated with education Knobil and Neill's Physiology of Reproduction Tony M. Plant, Anthony J. Zeleznik, 2014-11-15 The Fourth Edition of Knobil Neill continues to serve as a reference aid for research to provide the historical context to current research and most importantly as an aid for graduate teaching on a broad range of topics in human and comparative reproduction In the decade since the publication of the last edition the study of reproductive physiology has undergone monumental changes Chief among these advances are in the areas of stem cell development signaling pathways the role of inflammation in the

regulatory processes in the various tissues and the integration of new animal models which have led to a greater understanding of human disease The new edition synthesizes all of this new information at the molecular cellular and organismal levels of organization and present modern physiology a more understandable and comparative context The Fourth Edition has been extensively revised reflecting new fundamental advancements in this rapidly advancing field Provides a common language for researchers across the fields of physiology endocrinology and biology to discuss their understanding of reproduction Saves academic researchers time in quickly accessing the very latest details on reproductive physiology as opposed to searching through thousands of journal articles

Perspectives on Student Affairs in South Africa Speckman, McGlory, Mandew, Martin, 2014-07-17 The goal of Perspectives on Student Affairs in South Africa is to generate interest in student affairs in South Africa The papers contained herein are based on best practice local experience and well researched international and local theories The papers in this book deal with matters pertaining to international and national trends in student affairs academic development access and retention counseling and material support for students coming from disadvantaged backgrounds They are linked to national and international developments as described in the first two papers This publication will assist both young and experienced practitioners as they grow into their task of developing the students entrusted to them All contributors are South Africans with a great deal of experience in student affairs and all are committed to the advancement of student affairs in South Africa The editors are former heads of student affairs portfolios at two leading South African universities

Decolonising African Higher Education Christopher B. Knaus, Takako Mino, Johannes Seroto, 2022-05-26 Across the African continent college student activists have long fought to decolonise African institutions Reflecting ongoing Western colonisation however Indigenous African languages thought and structures remain excluded from African universities Such universities remain steeped in Eurocentric modes of knowing teaching researching and communicating Students are rarely afforded the opportunity to learn about the wealth of knowledge and sustainable wisdom that was and is generated by their own home communities Such localised Indigenous African perspectives are critical in a world committed to anti Black racism capitalist materialism and global destruction This book thus clarifies decolonial efforts to transform higher education from its anti Black foundation offering hope from universities across the continent Writers are university administrators and faculty who directly challenge contemporary colonial education exploring tangible ways to decolonise structures curricula pedagogy research and community relationships Ultimately this book moves beyond structural transformation to call for a global commitment to develop Indigenous African led systems of higher education that foster multilingual communities local knowledges and localised approaches to global problems In shifting from a Western centric lens to multifaceted African centrism the authors reclaim decoloniality from co optation repositioning African intellectualism at the core of global higher education to sustain an Ubuntu based humanity

Campus Student Activism, Politics, and Citizenship in the 21st Century Tshishonga, Ndwakhulu, 2025-04-03

Student activism and citizenship remain an integral part of the governance of academic institutions democratizing the learning environment and advancing democratic values and societal change. As a result, student activism has become a key aspect of the global higher education landscape. Individually and through the student councils, students have been at the forefront fighting for social justice and equality inside their academic institutions and in larger society by fusing activism with citizenship. Through student activism and citizenship, students demonstrate their power to keep governments responsible and in redirecting the voices of students in higher education's decision-making processes. Further exploration may afford students the opportunity to influence social change by partaking in educational policy reforms and broadening global sociopolitical and economic growth.

Campus Student Activism: Politics and Citizenship in the 21st Century examines the dynamics of campus politics through student activism and citizenship perspectives, academia, public, private, and civil society sectors. It explores how student leadership engages university society stakeholders including management and governance structures and student welfare and institutional policy reformation in defense of the rights and interests of students. This book covers topics such as higher education political engagement and social justice and is a useful resource for policymakers, government officials, sociologists, political scientists, academicians, and researchers.

Responsibility of Higher Education Systems, 2020-06-29

The evolving societal political and economic landscape has led to increased demands on higher education institutions to make their contribution and benefits to society more visible and in many cases with fewer public resources. This book contributes to the understanding of the responsibilities of Higher Education and the challenges posed to the production and circulation of knowledge. It raises questions about the role of higher education in society, its responsibility towards students and staff, and regarding its intended impact. The book brings together a range of topical papers and a diversity of perspectives, scientific investigations of reputed scholars, critical evidence-based papers of third space professionals, and policymakers' perspectives on the daily practice and management of higher education institutions and systems. The variety of both content and contributors elevates the richness of the book and its relevance for a large audience.
