## **Spiritualism And Society Routledge Revivals:**

**Spiritualism and Society (Routledge Revivals)** G. K. Nelson, 2013-10-18 First published in 1969 this title explores the origins of Spiritualism as a religious movement The first part is a history of Spiritualism with a focus on its origins within America and the development of the organisation within itself Next Nelson considers the rise of Spiritualism in Britain using evidence taken from contemporary journals other publications and interviews Finally the Spiritualist movement is analysed in terms of sociological theory looking at the Church and the definition of a Cult as well as concepts of authority and leadership This is a fascinating work which will be of great interest to students researching the origins and development of the movement of Spiritualism and its relationship with society

**Religious Transformation in Western Society (Routledge Revivals)** Harvie Ferguson, 2010-12 Originally published in 1992 this remarkable book challenges many of the assumptions governing the Sociology of Religion and the Sociology of Culture by arguing that Western religion is neither science nor morality it is the promise of happiness Learned and incisive it will be essential reading for students of religion culture and anyone interested in the character of Modernity

**Spiritualism and Society** Geoffrey K. Nelson, 1969 Religion and Sexuality Lawrence Foster, 1981 Most writers have treated these three groups and the social ferment out of which they grew as simply an American sideshow In this book therefore I have attempted to go beyond the conventional focus on what these groups did I have also sought to explain why they did what they did and how successful they were in terms of their own objectives By trying sympathetically to understand these extraordinary experiments in social and religious revitalization I believe it is possible to come to terms with a broader set of questions that affect all men and women during times of crisis and transition From the preface Winner of the Best Book Award Mormon History Association

**Will Not Return Void** John Allen Dearing, 2021-10-28 When one considers the early Christian church one is immediately struck by the exponential growth that the church experienced The inevitable question one must ask when considering the early church's rapid rate of growth is How did it happen While social forces plagues politics and ideology competitions were certainly factors in the growth of Christianity one would be remiss not to consider the methodology behind the considerable evangelistic effort made by the patristic church This dissertation analyzes the use of Scripture in the apologetic and evangelistic writings produced by Christian leaders within the Greek patristic tradition and their belief that Scripture was the primary tool given by God for the conversion of souls

*Handbook of Religion and Society* David Yamane, 2016-07-15 The Handbook of Religion and Society is the most comprehensive and up to date treatment of a vital force in the world today It is an indispensable resource for scholars students policy makers and other professionals seeking to understand the role of religion in society This includes both the social forces that shape religion and the social consequences of religion This handbook captures the breadth and depth of contemporary work in the field and shows readers important future directions for scholarship Among the emerging topics covered in the handbook are biological functioning organizational innovation digital religion spirituality atheism and

transnationalism The relationship of religion to other significant social institutions like work and entrepreneurship science and sport is also analyzed Specific attention is paid where appropriate to international issues as well as to race class sexuality and gender differences This handbook includes 27 chapters by a distinguished diverse and international collection of experts organized into 6 major sections religion and social institutions religious organization family life course and individual change difference and inequality political and legal processes and globalization and transnationalism

**Annual Review of the Sociology of Religion** Patrick Michel, Enzo Pace, 2011-08-25 The main goal of the second issue of the Annual Review of the Sociology of Religion devoted entirely to religion and politics is precisely to question the sense of a reconstruction of the mutual and simultaneous relations between these two spheres of social life What does this process mean and where is it taking us

**Religion and Civil Society in Europe** Joep de Hart, Paul Dekker, Loek Halman, 2013-07-15 Religion is back again in Europe after never having been gone It is manifest in the revival of religious institutions and traditions in former communist countries in political controversies about the relationship between the church and the state and about the freedom of religion and the freedom to criticize religion and in public unease about religious minorities This book is about religion and civil society in Europe It moves from general theoretical and normative approaches of this relationship via the examination of national patterns of religion state relations to in depth analyses of the impact of religion and secularization on the values pro social attitudes and civic engagement of individuals It covers Europe from the Lutheran North to the Catholic South and from the secularized West to the Orthodox East and Islamic South East with comparative analyses and country studies concluding with an overall Europe USA comparison

*Muslim Societies and the Challenge of Secularization: An Interdisciplinary Approach* Gabriele Marranci, 2010-09-08 Scholars from various disciplines worked together to present the first interdisciplinary book to address the issue of Islam secularism and globalization The book has a clear structure which represents its interdisciplinary approach the first section addresses the philosophical and historical discussion about Islam and secularism the second section discusses the topic from an ethnographical and social anthropological viewpoint and the final section addresses Islam secularism and globalization from a political viewpoint This unique collection not only offers innovative research and new material it also provides empirical examples and theoretical debates and could therefore also be used as a textbook for courses on Islam globalization anthropology politics sociology and law

Religion and the Individual Abby Day, 2008 What does religion mean to the individual How are people religious and what do their beliefs practices and identities mean to them The individual's place within studies of religion has tended to be overlooked recently in favour of macro analyses Religion and the Individual draws together authors from around the world to explore belief practice and identity Using original case studies and other work firmly placed in the empirical contributors discuss what religious belief means to the individual They examine how people embody what religion means to them through practice considering the different meanings that people attach to religion and the social expressions of their personal

understandings and the ways in which religion shapes how people see themselves in relation to others This work is cross cultural with contributions from Asia Europe and North America      *The Space of Religion* Yoshiko Ashiwa,David L. Wank,2023-08-29 Finalist 2024 Award for Excellence in the Study of Religion in Analytical Descriptive Studies American Academy of Religion Honorable Mention 2024 Francis H K Hsu Book Prize Society for East Asian Anthropology The Nanputuo Temple in the southeastern Chinese city of Xiamen has been a cherished site for the worship of the bodhisattva Guanyin for centuries It was a center of modernizing Buddhism in the early twentieth century and a flagship for the revival of Buddhism after state suppression during the Cultural Revolution The Space of Religion takes readers inside the Nanputuo Temple in order to explore the practice of Buddhism in modern China and the complex relationship between Buddhism and the Chinese state Based on three decades of ethnographic research Yoshiko Ashiwa and David L Wank tell the story of Nanputuo against the backdrop of a dramatic stretch of Chinese history They vividly depict episodes such as renovating the halls reestablishing ties with overseas Chinese donors conflicts with local government revival of ritual life reopening of its Buddhist academy and the passion of the Guanyin birthday festival To understand Nanputuo Buddhist communities and other temples in Xiamen Ashiwa and Wank develop the concept of religion as a space constituted by physical semiotic and institutional dimensions They also show how the Chinese state and Buddhism have each adapted to the other as the temple has adjusted to government policy while the state has deployed Buddhism in its promotion of Chinese culture This interdisciplinary book is both a theoretically generative analysis of religious spaces and an empirically rich account of the recovery of Buddhism in China after the Mao era      **Research in the Social Scientific Study of Religion** Ralph L. Piedmont,Andrew Village,2012-05-23 The twenty third volume of RSSR includes a landmark collection of papers on Theism and Non Theism in Psychological Science as well as papers on other key areas in the study of religion such as spirituality and social capital      *Encyclopedia of Global Religion* Mark Juergensmeyer,Wade Clark Roof,2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions      *Comparative Approaches to Law and Religion* Renae Barker,Camilla Baasch Andersen,Mohammad Rasmi Alumari,2025-06-03 Comparative Approaches to Law and Religion examines the methodological challenges of studying the interplay between law and religion across diverse jurisdictions This volume fills a critical gap in the literature by focusing on how to conduct comparative research offering both theoretical foundations and practical applications Scholars from varied legal and cultural backgrounds contributed chapters that showcase innovative methodologies tailored to specific issues in law and religion The book is divided into three parts Part I explores the foundational theories methods and frameworks of comparative research in law and religion addressing state religion models legal pluralism and the inclusion of minors in research Part II applies these approaches through comparative case studies tackling topics such as medical treatment for minors religious freedom in the EU and judicial populism in religion related

cases Part III provides a critical evaluation of the methodologies employed encouraging reflection and dialogue on their strengths limitations and broader applicability This volume is an essential resource for scholars of law and religion and comparative law By offering a blend of theoretical insights and practical examples it equips researchers with the tools to navigate the complexities of interdisciplinary and comparative legal studies across varied jurisdictions and traditions

**Annual Review of the Sociology of Religion. Volume 2 (2011)** Patrick Michel, Enzo Pace, 2011-08-26 Over the past thirty years religion has increasingly played a relevant role both on a national level and in international affairs The attempt made by politicians to reframe the policy of social cohesion in a neo nationalist light one land one language one religion one political community demising any kind of multiculturalism facilitating instead a return to assimilation shaped by fear of the other culture religion language and so on is very often associated with a restoration of the primacy of religious discourse in the public sphere It is not just a return of religion in the public sphere but the exploitation of religion by politics to reconstruct a social cohesion in the absence of ideological resources Altar Call in Europe Uta A. Balbier, 2021-12-17 Billy Graham s ministry is often described as a quintessentially American success story This book however explores how Graham s encounters and perception in Europe shaped what was from the beginning on an international ministry The revival meetings which Billy Graham held in London Berlin and New York in the 1950s provided lively fora for ministers politicians and ordinary Christians to imagine and experience the future of faith the role of religion in the Cold War and the intersections between faith and consumer culture in new ways **New Spiritualities and the Cultures of Well-being** Géraldine Mossière, 2022-07-06 Inspired by the neoliberal paradigm that transposes religious behaviors into a religious marketplace framed by consumerist and capitalist models this volume draws on ethnographic fieldwork to discuss the assemblage between the well being trope and the rise of new spiritualities as well as their deep permeation within mainstream culture Building on previous literature that addresses the relationship between spirituality healing and well being this text discusses the religious roots of mind body practices The contributions offer a critical perspective on the scope limits and impacts of the current celebration of spiritualities Part I provides theoretical insights for thinking about ways in which the prevalent ethics of well being reframes subjectivities within the margins of neoliberal order Part II demonstrates how spiritual economies are promoted shaped and regulated by institutional forces such as States law and the labor market In part III contributors describe in detail how spiritual economies unfold in specific cultural and social settings The text appeals to students and researchers working on the spirituality and sociology of religion Religion, Spirituality and Everyday Practice Giuseppe Giordan, William H. Swatos, Jr., 2011-08-14 The current generation of young adults at least in the Western world has shown a marked tendency toward a preference for describing themselves as spiritual as contrasted to religious This book seeks to examine the possible meanings and consequences associated with this contrast in terms of the similarities and differences that affect those who use these terms with respect to the everyday practices that they themselves employ or believe should

follow from being self defined as religious or spiritual or not The several chapters in this volume take up the religious spiritual contrast specifically through investigations into practice In what ways do people who claim to be religious or spiritual define these self images as manifest in their own lives How on a daily basis does a person who considers himself or herself religious or spiritual live out that self image in specific ways that she or he can describe to others even if not share with others Are there ways that being spiritual can involve religion or ways that being religious can involve spirituality and if so how do these differ from concepts in prior eras e g Ignatian spirituality Orthodox spirituality Anglican spirituality etc We also explore if there are institutions of spiritual practice to which those who term themselves spiritual turn or if the difference implied by these terms may instead be between institutionalized and de institutionalized expressions of practice including but not limited to self spiritualities      *Sectarianism* Roy Wallis,1975      *Religious Tourism and Globalization* Darius Liutikas,Razaq Raj,2024-04-04 Is it possible to identify the positive and negative effects of globalization on religious tourism or to estimate the transformation of the internal and external constructs of pilgrimage by these effects In order to address these questions this book highlights the importance of the search for identity and transformative experience during religious tourism It also looks at how recently globalization has played a part in the changes of the concept of personal and social identity and the transformative experience of pilgrimage This book will be suitable for researchers and students of religious tourism pilgrimage identity tourism as well as related subjects such as sociology anthropology psychology theology history and cultural studies
