Alan Smithie, 2009-07-01 I remember a report some time ago extolling the health benefits of the vitamins found in sperm with the advice that in preparation for having a healthy and intelligent baby for some months before becoming pregnant a woman should swallow her partner's sperm You can rest assured this report was compiled by a team of men This has nothing whatsoever to do with the fact I set out to write a book entitled 49 a humorously light hearted fly on the wall look at my life from the day before my forty ninth birthday to the day I hit fifty A story of how I was coping with being too old for a mid life crisis counting the days tick down until the inevitable half century Should I be wearing socks with sandals when would I start to enjoy pastimes that involved either binoculars a fishing rod making boats out of used matchsticks a tandem bicycle or Morris dancing Was I developing man breasts and more importantly would the next woman I meet have bingo wings What pre fifty pastimes would I be consigning to the dusty bin of life wearing Ramones T shirts and ogling young girls my T shirt definitely had to go Maybe I wouldn't even make it to the end of the book instead I'd meet my end running the Snowdonia Marathon As it was I did make it to the end Having spent a year

writing 49 and many months trying to get a publishing deal without success I started to write a blog I pretty soon realised the missing ingredient sex sells Post a good title and you have a success mention anal sex and you have a best seller Without a second thought I changed the book title to Sperm Wonderful Sperm and quickly contacted an online print on demand publisher This is the result **Arizona Wildlife Views** ,2010 *Art-in-trade* ,1929 *Louisiana Conservationist* ,1948
