

Spring Break Alberta 2015

Hans A. Baer

Spring Break Alberta 2015:

The Global Cryosphere Roger G. Barry, Thian Yew Gan, 2022-05-05 A comprehensive account of all components of the Earth's cryosphere including their past characteristics and future states *Atmospheric Rivers* F. Martin Ralph, Michael D. Dettinger, Jonathan J. Rutz, Duane E. Waliser, 2020-07-10 This book is the standard reference based on roughly 20 years of research on atmospheric rivers emphasizing progress made on key research and applications questions and remaining knowledge gaps The book presents the history of atmospheric rivers research the current state of scientific knowledge tools and policy relevant science informed problems that lend themselves to real world application of the research and how the topic fits into larger national and global contexts This book is written by a global team of authors who have conducted and published the majority of critical research on atmospheric rivers over the past years The book is intended to benefit practitioners in the fields of meteorology hydrology and related disciplines including students as well as senior researchers

Energy Economics Roy L. Nersesian, 2016-03-02 Three quarters of our current electricity usage and transport methods are derived from fossil fuels and yet within two centuries these resources will dry up *Energy Economics* covers the role of each fossil and renewable energy source in today's world providing the information and tools that will enable students to understand the finite nature of fossil fuels and the alternative solutions that are available This textbook provides detailed examinations of key energy sources both fossil fuels and renewables including oil coal solar and wind power and summarises how the current economics of energy evolved Subsequent chapters explore issues around policy technology and the possible future for each type of energy In addition to this readers are introduced to controversial topics including fracking and global warming in dedicated chapters on climate change and sustainability Each chapter concludes with a series of tasks providing example problems and projects in order to further explore the proposed issues An accompanying companion website contains extensive additional material on the history of the major types of fuel as well as technical material relating to oil exploration the development of solar power and historical environmental legislation This textbook is an essential text for those who study energy economics resource economics or energy policy *Grappling with Societies and Institutions in an Era of Socio-Ecological Crisis* Hans A. Baer, 2020-12-10 *Grappling with Societies and Institutions in an Era of Socio Ecological Crisis* is an autobiographical ethnography of the journey through various societies and institutions and how they function in the midst of an era of socio ecological crises The volume traces the steps of the author in becoming a radical anthropologist namely through the experience of immigration and naturalization from Peru to the United States and then to Australia politicization while working as an engineer in the aircraft industry during the late 1960s socialization in and subsequent exit from Roman Catholicism and experiences as an academic working in the corporate university As well the author illuminates the practices of research and engagement as a scholar activist on various topics such as the Levites of Utah and African American Spiritual churches socio political and religious life in East Germany complementary and alternative medicine the

Australian climate movement and democratic eco socialism Wild at Heart Alice Outwater, 2019-04-02 Alice Outwater's infectiously readable Wild at Heart captures the essence of ecology. Everything is connected and every connection leads to ourselves. Alan Weisman, author of The World Without Us and Countdown, a wonderful book. Information rich to say the least, and the indigenous human connections and portrait of the deep connectivity of nature are both strong elements. Jim McClintock, author of A Naturalist Goes Fishing, Nature on the Brink. Maybe not. With so much bad news in the world, we forget how much environmental progress has been made. In a narrative that reaches from Native American tribal practices to public health and commercial hunting, Wild at Heart shows how western attitudes towards nature have changed dramatically in the last five hundred years. The Chinook gave thanks for King Salmon's gifts. The Puritans saw Nature as a frightening wilderness full of uncooked meat. With the industrial revolution, nature was despoiled and simultaneously celebrated as a source of the sublime. With little forethought and great greed, Americans killed the last passenger pigeon, wiped out the old growth forests, and dumped so much oil in the rivers that they burst into flame. But in the span of a few decades, our relationship with nature has evolved to a more sophisticated sense of interdependence that brings us full circle. Across the US, people are taking individual action, planting native species, and fighting for projects like dam removal and wolf restoration. Cities are embracing nature too. Humans can learn from the past, and our choices today will determine whether nature survives. Like the First Nations, all nations must come to deep agreement that nature needs protection. This compelling book reveals both how we got here and our own and nature's astonishing ability to mutually regenerate. **Canadian Journal of Forest Research**, 2016

Breaking Barriers, Shaping Worlds Jill Campbell-Miller, Greg Donaghy, Stacey Barker, 2021-11-01 Where are the women in Canada's international history? Breaking Barriers, Shaping Worlds answers this question in a comprehensive volume that explores the role of women in Canadian international affairs. Foreign policy historians have traditionally focused on powerful men. Though hidden, forgotten, or ignored, this book shows that women have also shaped Canada's relations with the world over the past century, whether as activists, missionaries, aid workers, diplomats, or diplomatic spouses. Breaking Barriers, Shaping Worlds examines the lives and careers of professional women working abroad as doctors, nurses, or economic development advisors; women fighting for change as anti-war, anti-nuclear, or Indigenous rights activists; and women engaged in traditional diplomacy. This wide-ranging collection reveals the vital contribution of women to the search for global order that has been a hallmark of Canada's international history. **Costly Fix** Ian Thomas Urquhart, 2018-01-01 Costly Fix addresses core questions about the Alberta oil sands boom that started in the 1990s: Why did this flood of investment pour into the oil sands of northern Alberta? What role has government played with respect to the oil sands rush, and why? Who benefited, and who or what has paid the costs of exploiting the oil sands? By analyzing the interest, ideas, and institutions involved in the oil sands boom, Ian Urquhart charts its development from the beginning to the present. In this process, we learn about the state's role in making the oil sands profitable, the environmental dimensions of oil sands development, and First

Nations roles in both opposing and supporting the industry The final chapter examines the extent to which Alberta's new NDP government in its first eighteen months altered the legacies they inherited from the Progressive Conservatives on royalties tailings reservoirs and climate change Doing Politics Differently? Sylvia Bashevkin, 2019-05-01 Women have reached the highest levels of public office in Canada's provinces and territories but what difference if any has their rise to the top made Have they changed the content tone and style of politics What role has gender played in their triumph and defeat In *Doing Politics Differently* leading researchers from across the country assess the track records of eleven premiers including their impact on policies of particular interest to women and their influence on the tenor of legislative debate and the recruitment of other women as party candidates cabinet ministers and senior bureaucrats Canada stands out for the variety and number of women who have reached the top in subnational government By evaluating the performance of women premiers across the country and comparing their records with those of men who preceded and succeeded them this innovative volume probes how important demographic diversity is to government decision making *The Ghost of Northumberland Strait* Lori Knutson, 2015-10-10 The last thing thirteen year old Charly Pederson expects to do is meet a ghost when she her mother and sister Nikki move to P E I to live with Grammie after her parents divorce Charly knows something is up with that old abandoned house on Northumberland Strait the day that four of them break in and snoop around While the other kids are satisfied to stay out of the spooky house after that Charly feels drawn back to the place and knows she has to return alone She does return and is swept into a time traveling adventure during which she makes the most unlikely friend a woman who's been dead since long before Charly was born *Substances, Welfare, and Social Relations* Amber Gazso, 2023-11-30 *Substances Welfare and Social Relations* uses intimate complex portraits to tell the stories of people who have lived some part of their life course while using or recovering from using substances such as alcohol or illicit or prescription drugs and also being part of a family and experiencing poverties Through these multifaceted stories layered with a critical analysis of welfare policy the book probes the deeply entrenched stigma of living with addiction and in low income Amber Gazso's work revolves around the three principles idea that 1 addiction is part of everyday life 2 if we believe that people are not their addictions then stigmatizing addiction has no place in society and 3 destigmatizing addiction and providing better more imaginative programs and services invites and supports actionable hope Reflecting on qualitative data both narrative interviews and policy discourse *Substances Welfare and Social Relations* illuminates how stigmas can be overturned through a collective praxis of hope **The Canadian Labour Movement** Craig Heron, 2020-06-01 In *The Canadian Labour Movement* historian Craig Heron and political scientist Charles Smith tell the story of Canada's workers from the midnineteenth century through to today painting a vivid picture of key developments such as the birth of craft unionism the breakthroughs of the fifties and sixties and the setbacks of the early twenty first century The fourth edition of this book has been completely updated with a substantial new chapter that covers the period from the great recession of

2008 through to 2020 In this chapter Smith describes the fallout of the financial crisis how Stephen Harper s government restricted labour rights the rise of the gig economy and precarious work and the continued de industrialization in the private sector These pressures contributed to fracturing the movement as when Unifor the largest private sector union split from the Canadian Labour Congress the established house of labour Through it all rank and file union members have fought for better conditions for all workers including through campaigns like the fight for a 15 minimum wage The Canadian Labour Movement is the definitive book for anyone interested in understanding the origins achievements and challenges of the labour and social justice movements in Canada

The Regulation of Peace River Michael Church,2014-12-31 This book presents a comprehensive overview of the first longitudinal study of the downstream response of a major river to the establishment of a large hydropower facility and dams Peace River a northward flowing boreal river in northwestern Canada was dammed in 1967 and the book describes the morphological response of the 1200 km downstream channel and the response of riparian vegetation to the change in flow regime over the first forty years of regulated flows Beginning with a description of the effect of regulation on the flow and sediment regimes of the river the book proceeds to study changes in downstream channel geometry on the main stem on the lowermost course of tributaries and on the hydraulic geometry the overall morphology of the channel and riparian vegetation succession The river is subject to annual freeze up and break up so a chapter is devoted to the ice regime of the river A chapter compares the effects of two extraordinary post regulation flood events The penultimate chapter presents a prediction of the ultimate equilibrium form of the regulated river based on rational regime theory An online database of all the main observations will provide invaluable material for advanced students of river hydraulics and geomorphology This book carefully brings together a range of studies that have been previously inaccessible providing a rare and comprehensive analysis of the effects of a big dam on a river a river that itself represents an example of the kind of system that is likely to receive considerable attention in the future from dam engineers and environmentalists An invaluable reference to river scientists hydroelectric power developers engineers and environmentalists Focus on a northward flowing boreal river a type that holds most of the remaining hydroelectric power potential in the Northern Hemisphere Exceptional separation of water and sediment sources permitting study of the isolated effect of manipulating one of the two major governing conditions of river processes and form Unique example of water regulation and both natural and engineered flood flows Detailed study of both morphological changes of the channel and of the riparian vegetation Online data supplement including major data tables and numerous maps Details of the main observations and provides material for problem study by advanced students of river hydraulics and geomorphology are provided

The End of This World Angele Alook,Emily Eaton,David Gray-Donald,Joël Laforest,Crystal Lameman,Bronwen Tucker,2023-01-17 The climate crisis is here and the end of this world a world built on land theft resource extraction and colonial genocide is on the horizon In this compelling roadmap to a livable future Indigenous sovereignty and climate justice go hand in hand Drawing

on their work in Indigenous activism the labour movement youth climate campaigns community engaged scholarship and independent journalism the six authors challenge toothless proposals and false solutions to show that a just transition from fossil fuels cannot succeed without the dismantling of settler capitalism in Canada Together they envision a near future where oil and gas stay in the ground where a caring economy provides social supports for all where wealth is redistributed from the bloated billionaire class and where stolen land is rightfully reclaimed under the jurisdiction and sovereignty of Indigenous peoples Packed with clear eyed analysis of both short and long term strategies for radical social change *The End of This World* promises that the next world is within reach and worth fighting for *Before the Chase* Dawn B.,2015-12-23 When Mia s father abandons his family his wife falls into a deep depression Although she s only 14 Mia must take on roles and responsibilities that ensure her siblings are fed clothed and protected from the dark rages of their mother She describes how the challenges of poverty physical abuse and family secrets affect the small family while still finding ways to enjoy her teen years with high school parties playing cards and her first love *Notley Nation* Sydney Sharpe,Don Braid,2016-11-05 1 Edmonton Journal Bestseller 2017 Alberta Literary Awards the Wilfrid Eggleston Award for Nonfiction Winner Rachel Notley s dramatic triumph over Alberta s Conservative regime was an early rumble before the Trudeau landslide Alberta has long been seen as politically paralyzed But it has always been a cauldron of discontent producing the Reform Party the Wildrose movement the modern Conservative Party of Canada and Stephen Harper Notley Nation tells how this pent up energy exploded in an unexpected direction with Rachel Notley s NDP victory Stereotypes of redneck Alberta have long been at odds with the province s growing progressive streak The political upheaval that swept conservatism out of office in 2015 had shown its first tremors there five years earlier Progressive mayors were elected in Calgary and Edmonton and soon it became clear that the province s PC government was falling out of touch with modern Alberta Political journalists Sydney Sharpe and Don Braid explore how the Alberta NDP ended a forty three year Conservative dynasty that proved incapable of adapting to forces beyond its control or understanding That wave would soon spread across the country sweeping Justin Trudeau into office **Bodies of Information** Elizabeth Losh,Jacqueline Wernimont,2019-01-08 A wide ranging interconnected anthology presents a diversity of feminist contributions to digital humanities In recent years the digital humanities has been shaken by important debates about inclusivity and scope but what change will these conversations ultimately bring about Can the digital humanities complicate the basic assumptions of tech culture or will this body of scholarship and practices simply reinforce preexisting biases Bodies of Information addresses this crucial question by assembling a varied group of leading voices showcasing feminist contributions to a panoply of topics including ubiquitous computing game studies new materialisms and cultural phenomena like hashtag activism hacktivism and campaigns against online misogyny Taking intersectional feminism as the starting point for doing digital humanities Bodies of Information is diverse in discipline identity location and method Helpfully organized around keywords of materiality values embodiment affect labor and
