Mentoring in Formal and Informal Contexts Kathy Peno, Elaine M. Silva Mangiante, Rita A. Kenahan, 2016-03-01
Mentoring in Formal and Informal Contexts is a collection of invited works on mentoring in the many contexts in which it exists. Working with AHEA the editors identified authors that have demonstrated experience and or have published in this area. The book is arranged thematically: health care education, the workplace, etc. and further sub-themed as appropriate. Mentoring in Formal and Informal Contexts is important because it fills a unique niche in the field of adult education, extends the scope of AHEA to a larger audience, and offers a current volume for scholars and practitioners based on both research and practice-based research. The audience: This collection is appropriate for a wide variety of professors, researchers, practitioners, and students in the field of adult education.

Going Greek Marianne R. Sanua, 2018-02-05
A history of Jewish fraternities and sororities in the early twentieth-century United States. *Going Greek* offers an unprecedented look at the relationship between American Jewish students and fraternity life during its heyday in the first half of the twentieth century. More than secret social clubs, fraternities and sororities profoundly shaped the lives of members long after they left college, often dictating choices in marriage as well as business alliances. Widely viewed as a key to success, membership in these self-governing sectarian organizations was desirable but not easily accessible, especially to non-Protestants and nonwhites. In *Going Greek*, Marianne Sanua examines the founding of Jewish fraternities in light of such topics as antisemitism, the unique challenges faced by Jewish students on campuses across the United States, responses to World War II, and questions pertaining to assimilation.
