Spoiled Rotten America:

America Gone C.U.Liberties,2012-03-05 I dedicate this book to all our military members who have served and those that are serving I want to say Thank You for signing that blank check putting your lives on the line to keep the threats away from our doorsteps I also want to apologize to the same individuals for the lack of respect you have gotten are getting and apparently are going to receive even less in the near future if this government is allowed to continue its course of destruction It is our fallen heroes that have secured with the greatest sacrifice the freedoms and rights that are so valued in the United States yet they are the first to be disrespected by the unappreciative free loaders that are polluting our culture **Spoiled Rotten America** Larry Miller,2006 In an acerbic commentary on the follies and foibles of everyday American life the comedian shares a collection of essays on everything from contemporary politics and manners to celebrity and professional wrestling

AMERICAN RACISM! DENNIS L. KIRKPATRICK,2013-09 After readers complete this book you will clearly see how the hatred of racism is destroying our society **American Behavioral History** Peter N. Stearns,2005-10 From his founding of The Journal of Social History to his groundbreaking work on the history of emotions weight and parenting Peter N Stearns has pushed the boundaries of social history to new levels presenting new insights into how people have lived and thought through the ages Having established the history of emotions as a major subfield of social history Stearns and his collaborators are poised to do the same thing with the study of human behavior This is their manifesto American Behavioral History deals with specific uses of historical data and analysis to illuminate American behavior patterns ranging from car buying rituals to sexuality and from funeral practices to contemporary grandparenting The anthology illustrates the advantages and parameters of analyzing the ways in which people behave and adds significantly to our social understanding while developing innovative methods for historical teaching and research At its core the collection demonstrates how the study of the past can be directly used to understand current behaviors in the United States Throughout contributors discuss not only specific behavioral patterns but importantly how to consider and interpret them as vital historical sources

Contributors include Gary Cross Paula Fass Linda Rosenzweig Susan Matt Steven M Gelber Peter N Stearns Suzanne Smith Mark M Smith Kevin White **Spoiled Rotten America** Larry Miller,2006-10-03 From the irresistibly wry Larry Miller comes a collection of sharp eyed trenchant and very funny essays on the outrages of everyday life **Life of a Suicidal American** Landon Mitchell,2019-07-24 In the gripping novel Life of a Suicidal American a young man tries to find peace in life as he struggles to take care of his family Landon returns home from college to find his grandfather has dementia His mother can t walk and is suffering from multiple sclerosis and cancer Following the sudden death of his father his life is spinning out of control As Landon becomes reacquainted with his family he starts to see one common thread They are all losing the will to live Join the author as he takes readers into the minds of what could be considered suicidal America From young to old the greatest country on the planet is facing a crisis Americans are losing the will to live at a staggering and

increasing rate What is happening *Ethnic Humor in Multiethnic America* David Gillota, 2013-07-01 When wielded by the white majority ethnic humor can be used to ridicule and demean marginalized groups In the hands of ethnic minorities themselves ethnic humor can work as a site of community building and resistance In nearly all cases however ethnic humor can serve as a window through which to examine the complexities of American race relations In *Ethnic Humor in Multiethnic America* David Gillota explores the ways in which contemporary comic works both reflect and participate in national conversations about race and ethnicity Gillota investigates the manner in which various humorists respond to multiculturalism and the increasing diversity of the American population Rather than looking at one or two ethnic groups at a time as is common scholarly practice the book focuses on the interplay between humorists from different ethnic communities While some comic texts project a fantasy world in which diverse ethnic characters coexist in a rarely disputed harmony others genuinely engage with the complexities and contradictions of multiethnic America The first chapter focuses on African American comedy with a discussion of such humorists as Paul Mooney and Chris Rock who tend to reinforce a black white vision of American race relations This approach is contrasted to the comedy of Dave Chappelle who looks beyond black and white and uses his humor to place blackness within a much wider multiethnic context Chapter 2 concentrates primarily on the Jewish humorists Sarah Silverman Larry David and Sacha Baron Cohen three artists who use their personas to explore the peculiar position of contemporary Jews who exist in a middle space between white and other In chapter 3 Gillota discusses different humorous constructions of whiteness from a detailed analysis of *South Park* to *Blue Collar Comedy* and the blog *Stuff White People Like* Chapter 4 is focused on the manner in which animated children s film and the network situation comedy often project simplified and harmonious visions of diversity In contrast chapter 5 considers how many recent works such as *Harold and Kumar Go to White Castle* and the Showtime series *Weeds* engage with diversity in more complex and productive ways **The New American Militarism** Andrew J. Bacevich, 2013-03-22 In this provocative book Andrew Bacevich warns of a dangerous dual obsession that has taken hold of Americans both conservatives and liberals alike It is a marriage of militarism and utopian ideology of unprecedented military might wed to a blind faith in the universality of American values This mindset Bacevich warns invites endless war and the ever deepening militarization of U S policy It promises not to perfect but to pervert American ideals and to accelerate the hollowing out of American democracy In *The New American Militarism* Bacevich examines the origins and implications of this misguided enterprise He shows how American militarism emerged as a reaction to the Vietnam War when various groups in American society soldiers politicians on the make intellectuals strategists Christian evangelicals even purveyors of pop culture came to see the revival of military power and the celebration of military values as the antidote to all the ills besetting the country as a consequence of Vietnam and the 1960s The upshot acutely evident in the aftermath of 9 11 has been a revival of vast ambitions this time coupled with a pronounced affinity for the sword Bacevich urges Americans to restore a sense of realism and a sense of proportion to U S

policy He proposes in short to bring American purposes and American methods especially with regard to the role of the military back into harmony with the nation's founding ideals For this edition Bacevich has written a new Afterword in which he considers how American militarism has changed in the past five years He explores in particular how this ideology has functioned under Barack Obama who ran for president on a campaign based on hope for change and for a new beginning Despite such rhetoric Bacevich powerfully suggests the attitudes and arrangements giving rise to the new American militarism remain intact and inviolable as ever

Tucker the Trucker La Verne Morgan Roxby, 2011-10-07 Tucker the Trucker is a collection of mostly humorous short stories and essays Many of LaVerne's writings begin with at least a bit of truth such as an experience in her life and then go from there sometimes into fantasyland She has always liked to take a small truth and turn it into something very different She tries to find humor in every situation and especially in her own life When that doesn't work she writes serious stories and essays but her imagination is still very much involved LaVerne always sees the glass as half full and that attitude keeps her happy and sane for the most part You be the judge

Hymning & Hawing About America Frank Trippett, 2000-08-04 Hymning Hawing About America is a collection of essays by Frank Trippett who has been called one of the really mind blowing talents of his generation as a journalist essayist and story teller The subjects of his essays range from politics and personalities to social conditions and psychological phenomena It is a brilliant look in the rear view mirror at the American scene during the Twentieth Century The book begins with the timeless reverie of A Season For Hymning And Hawing So autumn is a blatantly vital season contrary to the allegations of sorrowful poets who misconstrue the message of dying leaves Yet almost everybody recognizes that the season's character transcends those familiar bracing days crystal nights bigger stars vaulted skies fluted twilights harvest moons frosted pumpkins and that riotous foliage that impels whole traffic jams of leaf freaks up into New England No hymning or hawing in behalf of autumn should neglect to note that the coming season is a self contained climactic cycle It offers every weather at its end days icy enough for any sane person and along the way those indefinite Indian summers that put the real ones to shame The Ordeal Of Fun explores our obsessive quest for fun We are conceived in a moment of profound fun This fact may not fix our destiny but it strongly insinuates our complicity in some cosmic carnival Fun becomes us Born out of fun we are born into it too The infant is hurled

into the air He opens grinning gums to the skies and issues an ecstatic gasp as he plummets To be To be is to be in disequilibrium visually physically aurally internally Life comes thus and the infant is in love with it Later when he comes as close as an adult can to recapturing the dizzy totality of it all he will speak of falling in love An axiom emerges For man fun is not only scratching where he itches it is itching where he scratches Fun takes such myriad forms it smacks of illusion This is appropriate Illusion means literally in play You may find fun elsewhere but only the fun you bring with you For that as every child knows is where it is at In Louisiana Jazzman s Last Ride is an elegy to a rich New Orleans tradition Boom A second shot signals the stricken cadence of a dirge The white gloves of the pallbearers flash in the morning sun as they float their burden to the silver gray Cadillac hearse A jazz funeral is beginning in New Orleans Though hardly disrespectful the underlying temper is festive The reason lies in tradition when the funeral is done the streets will explode with jubilant jazz and antic celebration A young woman in frayed jeans curves backward in an affront to gravity all the while clapping her hands rending the air with throaty singing Oh when the saints The Suckers explains the inner world of compulsive gamblers They talked about gambling and deep into the night I listened to voices that scarcely mentioned such things as cards and dice and horses Gambling seemed an abstract rite as they spoke of it severed from apparatus remote from any habitat My gamblers seemed to get their special feeling the compelling thing not at the resolution of a bet not at the winning or losing but while the bet was pending While the gamble was pending resolution they knew those special sensations almost indescribable The feelings vanish when the gamble is resolved but they want them again and so they bet again and again In action he was living lost child alive running ever running behind horses clinging to the tingling reins two wild horses one Yes and one No one Win and one Lose one Love and one Loveless running on running on The Scient **The American Dream** Edward L.

Pearson, 2017-10-19 Two young men were brought to the American colonies one from England and the other from East Africa Neither was here by choice since they were both brought here as slaves That s right even the one from England At this point life did not offer either of them a great deal of promise There was no racial distinction only one of class The British noblemen running the show had but one objective and that was to turn the American colonies into their own kingdoms The patriotic sentiments expressed in our founding documents were chiefly those of the peasantry The last thing the ruling class sought was liberty and justice for all Their primary concern was who might serve them in their domains As the events of America s history began to unfold the two young men and their descendants were caught up in the development of our nation The only guiding principle was a belief in freedom and equality The peasants were not prepared for the duplicitous designs of their leaders They went along with the program believing that those in charge had their best interests at heart Today we remain victims of that duplicity It still exists because we are either unaware of it or we have simply resigned ourselves to the inevitable We have been conditioned to blame one another for our losses when in fact we are all victims of the same grand design The good thing is we possess the power In our democratic society we the people are the ultimate overseers Though

the American dream may differ somewhat from person to person it is still the guarantee that we will be allowed to achieve our dreams

Post-9/11, African American Style Freddy Cee, 2004-02 The news media was driving everyone crazy It started with Y2K then the Bush Gore presidential election controversy the Clinton pardons the September 11th attacks and the anthrax letters Wars subsequently ensued against Afghanistan the Taliban Al Qaeda and Iraq but not without fierce exchanges with the United Nations Sex and financial scandals erupted involving the Catholic Church and Wall Street Massive layoffs soaring debt and skyrocketing college tuition added to these The media never missed a beat Was there no escaping them The Nation's Capitol in commemorating last year's September 11th attacks was also preparing for an upcoming mayoral election The current incumbent was expected to breeze toward reelection but what followed seemed like a page out of William Shakespeare's Comedy of Errors This prompted a virtual unknown to launch a comedy contest to provide some comic relief for the city from this onslaught of negative news Only four contestants remained to compete for the prize money However only Archie Harris one of the four finalists showed up at the finale More bad news What will happen now Find out by reading *Post 9 11 African American Style* Laughter Still Da Best Medicine
