Sport Facility Management Rob Ammon, Richard M. Southall, Mark S. Nagel, **Sport Promotion and Sales Management** Richard L. Irwin, William Anthony Sutton, Larry M. McCarthy, 2008 This is a guide to promotion and sales in the sport industry Experts from the classroom and sports field offer insights and experiential data on the skills needed to succeed in sports promotion and sales

Sport Facility & Event Management Thomas J. Aicher, Brianna L. Newland, Amanda L. Paule-Koba, 2019-03-08 Sport Facility and Event Management provides readers with a working knowledge of how to manage sport facilities and how to plan manage implement and evaluate sport events The text integrates timely theoretical insights with real world practicality and application affording readers a strong foundation in facility and event management The authors focus on a broad range of facilities and events from community recreation facilities to large venues reflecting the diversity of the industry

Sport Facility Operations Management Stacey A. Hall, Simon Shibli, Eric Schwarz, 2010-05-14 This is the first book to take a truly global look at facilities operations management in the sport industry Sports facilities management is in the national news with reports from the BBC that three 2012 Olympic venues in London are being evaluated by accountants to see whether they will deliver value for money The current estimate of government spending on the games is 9.3 billion There is also an ongoing debate about the fate of the 80 000 seat stadium that is being constructed for the games at a cost of 500 million Sport facilities of all shapes and sizes are an ingrained part of global sport management culture As such it is inevitable that students who enter into the field of sport management will interact with the management and operations of a sport facility at some point during their career This textbook provides the theoretical foundation for sport facility operations management and is supplemented both in the text and in the companion site containing schematics planning documents sample forms and sample ownership management structures In addition each author will infuse research and experiences from sport facilities around the world North America

Europe Middle East Asia Australia and New Zealand to ensure that a global perspective is at the core of this book This book is published with the sport management lecturer and student in mind **Sport Facility Operations Management** Eric C. Schwarz, Stacey A. Hall, Simon Shibli, 2015-06-05 Anybody working in sport management will be involved in the operation of a sports facility at some point in their career It is a core professional competency at the heart of successful sport business Sport Facility Operations Management is a comprehensive and engaging textbook which introduces cutting edge concepts in facilities and operations management including practical guidance from professional facility managers Now in a fully revised and updated second edition which introduces new chapters on capital investment and operational decision making the book covers all fundamental aspects of sport facility operations management from a global perspective including ownership structures and financing options planning design and construction processes organizational and human resource management financial and operations management legal concerns marketing management and event planning risk assessment and security planning benchmarking and performance management Each chapter contains newly updated real world case studies and discussion questions innovative Technology Now features and step by step guidance through every element of successful sport facilities and operations management while an expanded companion website offers lecture slides a sample course syllabus a bank of multiple choice and essay questions glossary flashcards links to further reading and appendices with relevant supplemental documentation With a clear structure running from planning through to the application of core management disciplines Sport Facility Operations Management is essential reading for any sport management course Security Management for Sports and Special Events Stacey Hall, Walter E. Cooper, Lou Marciani, James M. McGee, 2011-10-10 Though spectator and player security has always been a priority for sport and facility managers at all levels large scale threats such as terrorism or natural disasters have become even more critical management concerns Proactive sport and facility managers understand the role they must take in working with local law enforcement contracted security personnel and their own employees to adequately plan for and respond to threats both manmade and natural Security Management for Sports and Special Events An Interagency Approach to Creating Safe Facilities presents a systematic approach to stadium and venue security Unlike traditional risk management books that present guidelines to promote safety and discourage litigation in sport and recreation settings Security Management for Sports and Special Events deals specifically with natural disasters terrorism crowd control problems and other large scale threats As sport and facility managers seek to broaden their building management capabilities this text offers detailed guidance in improving the quality coordination and responsiveness of security protocols within their facilities With this text sport and facility managers examine the concerns and challenges to security and emergency planning for both sport and non sport events held at their facilities Security Management for Sports and Special Events offers an organized explanation of event security to support the planning implementation and communication of security and emergency plans to staff and game day hires as well as the

assessment of emergency preparation Drawing on numerous examples from both in and out of sport readers will consider the challenges solutions best practices and prescriptions for coordinating the efforts of staff law enforcement and security personnel Readers will find an array of tools that assist in understanding and implementing the material presented Case studies at the end of each chapter and Lessons Learned sections that summarize and apply the information to a real world scenario Chapter goals and application questions that provide a clear map for the chapter and promote critical thinking of the issues Sidebars throughout the text that provide examples of important current issues in sport and event security management Reproducible checklists forms and additional resources that help in designing and implementing plans More than 20 appendix items including key guidelines checklists and needs assessments Emphasizing interagency development and a team approach to sport event security management Security Management for Sports and Special Events allows sport and facility managers to lessen risk control insurance costs and uphold the integrity of their facilities through security management procedures The text is developed according to the requirements of the Department of Homeland Security s National Incident Management System NIMS and serves as the manual for managers seeking to achieve the SESA Seal of Approval offered by the University of Southern Mississippi s National Center for Spectator Sports Safety and Security NCS4 Developed by the authors and the only dedicated research facility for sport security management NCS4 is on the cutting edge of researching and assessing game day operations for security and crisis management Security Management for Sports and Special Events is a practical resource for identifying and managing potential threats to fans and players safety With proper protocols in place and a coordinated response sport and facility professionals can ensure the safety of participants and spectators from terrorism natural disasters and other potential encounters
