Teacher's Internet Companion Ann Heide, Linda Stilborne, 2004 This revised new edition of *Teacher's Internet Companion*

builds on the pedagogically sound principles for classroom Internet use that teachers value so highly in the award winning earlier editions **THE Journal** ,2001 **Everyday Surveillance** William G. Staples,2013-10-18 When we think of surveillance in our society we usually imagine Big Brother scenarios with the government tracking our every move The actual surveillance of our everyday lives is much more subtle however and may be more insidious William G Staples shows how our lives are tracked by both public and private organizations sometimes with our consent and sometimes without through our internet use cell phones public video cameras credit cards license plates shopping habits and more Everyday Surveillance is a provocative exploration of the myriad ways we are watched each day and how this surveillance shapes our lives Thoroughly revised the second edition considers new topics such as the rise of social media and updates research throughout Everyday Surveillance introduces students to concepts of social control and incites classroom discussion about how surveillance impacts the ways we understand people and our lives at home work school or in the community *Getting Schooled* Garret Keizer,2014-08-05 In this powerful eloquent story of his return to the classroom a former teacher offers a rousing defense of his beleaguered vocation Perhaps no profession is so constantly discussed regulated and maligned by non practitioners as teaching The voices of the teachers themselves are conspicuously missing Defying this trend teacher and writer Garret Keizer takes us to school literally in this arresting account of his return to the same rural Vermont high school where he taught fourteen years ago Much has changed since then a former student is his principal standardized testing is the reigning god and smoking in the boys room has been supplanted by texting in the boys room More familiar are the effects of poverty the exuberance of youth and the staggering workload that technology has done as much to increase as to lighten Telling the story of Keizer s year in the classroom *Getting Schooled* takes us everywhere a teacher might go from field trips to school plays to town meetings from a kid s eureka moment to a parent s dark night of the soul At once fiercely critical and deeply contemplative Keizer exposes the obstacles that teachers face daily and along the way takes aim at some cherished cant that public education is doomed that the heroic teacher is the cure for all that ails education that educational reform can serve as a cheap substitute for societal reformation Angry humorous and always hopeful *Getting Schooled* is as good an argument as we are likely to hear for a substantive reassessment of our schools and those who struggle in them *Research, Action, and Change* James M. Frabutt,Anthony C. Holter,Ronald James Nuzzi,2008 An introduction to action research in Catholic schools through the specific lens of community and spirituality including original research from Catholic school leaders Provided by publisher [Managing the New Tools in K-12 Teaching and Learning](#) Jerome A. Schulz,2018-02-02 [Managing the New Tools in K 12 Teaching and Learning](#) How Technology Can Enable School Improvement is about how to manage technology for learning at the district and school levels It provides an overview of the components of learning technology these include student devices networking software productivity toolkits electronic curricula and resources and data system infrastructure And it discusses how we can manage our technology efforts more effectively to help our students attain the benefits of this

technology The book concludes with case studies of how this is being done at pioneering districts We are now at a tipping point in implementing learning technology on a larger scale This is happening very quickly Historically learning technology was driven by a strategy of technology integration where we called on individual teachers to each determine how to use technology in their classes and make changes in their own ways of working But to successfully implement technology on the scale we need requires top down as well as bottom up efforts Managing the New Tools in K 12 Teaching and Learning focuses on how districts and schools can now use technology to bring about the big improvements in learning we are all striving for

*Technology Leadership for School Improvement* Rosemary Papa, 2010-02-09 A practical and visionary look at creative educational leadership in today's digital environment Technology Leadership for School Improvement provides prospective and current K 12 educational leaders with practical coverage of the skills and knowledge necessary to manage and administrate technology in school settings Designed to help educational leaders develop an understanding of multimedia teaching tools that optimize learning as well as the leadership skills needed to support others this one of a kind book explores data driven decision making and technology standards Each chapter is written by a specialist in the field and follows a common format Features Critical questions at the beginning of each chapter help readers focus on key objectives Case studies with discussion questions and activities provide opportunities for readers to analyze applied situations End of chapter learning aids include Key Principles for Leaders to Know sections that summarize each chapter's content and Web Resources that provide links to additional information An open access Web site includes PowerPoint slides for each chapter e Flashcards a variety of useful Web resources and additional case studies
