*Counseling and Community* Rod Wilson, 2003-04 Traditionally counseling has focused primarily on the individual overlooking the interaction between the community and the individual Wilson has created a biblically based counseling model that anchors the individual within the community The result is a perspective that encompasses all aspects of a person's life where the community becomes a helper in the counseling process The thesis of this book is tied to the assumption that we need a counseling approach that is community oriented rather than exclusively focused on the individual When this is the case we will be able to appreciate the biblical emphasis on the people of God While he prizes a relationship with individuals God's heart is with a body a fellowship a community Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process Rod Wilson PhD York University is President and Professor of Counselling and Psychology at Regent College in Vancouver B C Canada He is also the author of *Exploring Your Anger and Helping Angry People*      Strategic Pastoral Counseling David G. Benner, 2003-09-01 Therapeutic counseling in a Christian context can be highly effective when it maintains narrowly focused goals in a time limited setting The details of this proven model of pastoral counseling are described in this practical guide This second edition of Strategic Pastoral Counseling has been thoroughly revised and includes two new chapters Benner includes helpful case studies a new appendix on contemporary ethical issues and updated chapter bibliographies His study will continue to serve clergy and students well as a valued practical handbook on pastoral care and counseling      **Basic Types of Pastoral Care & Counseling** Howard J Clinebell Jr Trustee, Bridget Clare McKeever, 2011-08-01 *em* Basic Types of Pastoral Care and Counseling remains the standard in pastoral and counseling This third edition is enlarged and revised with updated resources methods exercises and illustrations from actual counseling sessions This book will help readers be sensitive to cultural diversity ethical issues and power dynamics as they practice holistic growth oriented pastoral care and counseling in the parish      *The Heart of Pastoral Counseling* Richard L Dayringer, 2013-04-03 The relationship between pastor and parishioner is the essence of pastoral

counseling a simple truth with profound implications Dr Richard Dayringer explores these implications in *The Heart of Pastoral Counseling Healing Through Relationship Revised Edition* to help pastoral counselors understand how to use the relationship to bring about the desired ends in the therapeutic process Drawing on research from the disciplines of psychiatry psychology marriage counseling family therapy and pastoral counseling this book lays the foundation for utilizing the pastoral counseling relationship to bring about positive change as it explores topics such as observation listening communication handling transference and termination of therapy Because the interpersonal relationship is the vehicle of therapy it is critical that pastoral counselors understand the psychological assumptions that play a large part in the characteristics of relationships as well as the factors requiring attention in order to establish a secure counseling relationship *The Heart of Pastoral Counseling* will help you attain this understanding as you also improve your knowledge on how pastoral relationships may be applied outside the therapeutic hour in general pastoral work eclectic methods for clarifying feelings developing intellectual insight interpreting questioning and assigning certain behavior employing the problem oriented record in pastoral counseling distinguishing relationship from transference and countertransference the unique problem that counseling acquaintances presents personality traits that attract people to the minister pastoral counselor counselor attitudes that foster relationship how a client's view of the counselor has an impact on the effectiveness of therapy *The Heart of Pastoral Counseling* brings a solid base of research to pastoral counselors seminary students graduate students in counseling professors of counseling and specialists in pastoral psychotherapy so that you might better understand the nature of pastoral counseling relationships and how they are helpful and constructive in people's lives You will be challenged to rethink your role in initiating and carrying out therapeutic change and realize why you should build your ministry on relationships rather than on friendships

**Spiritual Mentorship for Pastors and Church Leaders Today**  
Gabriel Amoateng-Boahen, 2016-01-15 My timely book seeks to among others to appreciate and congratulate all men and women of God in ministry and also encourage them for their continued dedication in leading the flock under their pastoral care as Chief Shepherds Bravo On a more concerned and passionate note the book seeks to equip the pastor leader with some basic ministerial skills for sound fruitful untiring and ever lasting soul impacting ministry devoid of any abuses either covertly or overtly My final aim is to challenge the pastor leader to be professional and current for contemporary ministry because society is becoming more scientific technological academic intellectual argumentative and above all critical and skeptical Our local communities are increasingly becoming more violent confused frustrated socially darker and gloomy stressful and uncontrollable The pastoral services of the pastoral leaders thus become inevitable crucial and critical because communities look up to the spiritual leader Indeed the pastor leader is the radiant light of hope a beacon of light of inspiration and encouragement to many The challenge is for all pastors leaders to lead their respective local communities to greater heights as Gods ambassadors and the Called Chosen for our present generation and further work harder to hand over a better holistic legacy to the next generation The Gospel must be preached in its fullest entirety uncompromisingly in season and out of season devoid of any excuses Let the Body of Christ be more united than ever to build a New Church that is modeled after the life of Christ The Church that is anointed and empowered with answers to address the multiple problems

and the myriad of challenges facing the 21st century and beyond      Pastoral Responses to Sexual Issues William V. Arnold,1993-01-01 This excellent book offers help to pastors and other caring Christians who must act as triage officers on the front lines of congregational and community life and who believe in and want to explore the importance of sexual issues in ministry William Arnold believes that our sexuality is a defining element for understanding who we are and who God is For a pastor to work with people in a helpful and redemptive manner this powerful force must be faced with courage and care However the pastor must be aware that attempts to care can be damaging if there is not an openness to learning more about the multiple forces at work in our sexuality The pastor s awareness must be physiological psychological and theological William Arnold stresses self awareness as the key to dealing with sexual issues and advises the pastor not to rely strictly on intellectual information      *Psychology for Christian Ministry* Rebecca Nye,Sara Savage,Fraser Watts,2003-09-02 A comprehensive introduction to psychology devised for those training for and working in the clergy Covers social developmental educational occupational and counselling psychology as well as the psychology of religion      **The Professionalization of Pastoral Care** T. Dale Johnson,2020-07-21 When the organization and structure of the church in America was altered in the early 1900s to meet modern demands the role of the pastorate became more specialized to adapt to the burdens of the new efficient structure In 1920 Gaines Dobbins utilized the business efficiency model at Southern Baptist Theological Seminary to formulate a distinct ecclesiology Discontent with traditional methods of instruction in theological education Dobbins sought to implement theories and methodologies from modern educationalists He adopted a psychologized educational methodology and utilized the psychology of religion as an empirical measure of the soul human nature and human behavior Use of the social sciences seemed to grant Dobbins as a practitioner academic respectability within the realm of theological education Both the professionalization that resulted from Dobbins s efficiency standards and a working theory of human nature derived from psychological models were synthesized into a specialized system of pastoral care Dobbins followed the new shape of pastoral theology in America adopting Clinical Pastoral Education CPE as the model for pastoral training As a result CPE became an integral part of the curriculum at Southern Baptist Theological Seminary for over sixty years and spread to influence many other SBC entities      Spiritual Direction and the Care of Souls David G. Benner,Gary W. Moon,2025-06-23 In recent years many Christian clergy laity and mental health professionals have rediscovered the ancient practices of spiritual direction Seen as a refreshing alternative to the techniques and limitations of modern psychology such practices offer new insights for pastoral care But many remain unclear on what spiritual direction is and whether its methods are applicable to their own clients and parishioners Spiritual direction is a practice of Christian soul care that is found most notably in the Catholic Orthodox and Episcopal traditions but is also present in Wesleyan Holiness Pentecostal charismatic social justice and Reformed communities Predating modern counseling and psychotherapy movements but sharing key principles and insights for spiritual formation spiritual direction offers significant resources for

today's pastors, counselors, therapists, chaplains, and other caregivers attuned to the work of God in people's lives. In this landmark volume, editors Gary W. Moon and David G. Benner, along with a team of expert contributors, provide a comprehensive survey of spiritual direction in its myriad Christian forms. Specific chapters offer careful historical perspective and contemporary analysis of how Christians from various backgrounds have practiced spiritual direction, with particular attention to each tradition's definition of spiritual direction, the process of authentic transformation, the role of the spiritual director, indicators of mature spirituality, and other aspects of the spiritual direction process. Chapters also provide psychological and clinical insight into how spiritual direction is similar to, different from, and can be integrated with psychotherapy and pastoral counseling to help others experience spiritual transformation and union with God.
