scholars to consider the theological values arising from and contributing to their use of qualitative research in scholarship and teaching The book offers a careful consideration of the pedagogical and administrative challenges involved in teaching qualitative research and its various sub disciplines such as ethnography As a whole the book argues that the teaching of QR methods is critical to the theological ethical spiritual and or pastoral formation of ministers and theological scholars With contributions from Jody Clarke David M Csinos Elaine Graham Brett C Hoover Tone Stangeland Kaufman Bernardine Ketelaars Boyung Lee Dawn Llewellyn David M Mellott Nichole Ren e Phillips Apipa Prachyapruit Anthony G Reddie Siroj Sorajakool Todd D Whitmore and Natalie Wigg Stevenson *Practical Theology Beyond the Empirical Turn* Heather Walton, 2025-07-31 Practical Theology Beyond the Empirical Turn offers a sustained critical interrogation of the turn towards social research and methodologies in Practical Theology which has transformed the discipline over the past forty years It places the discipline s current research practices within the context of wider theoretical and methodological developments and the climate disaster The work maintains that current circumstances require a radical reassessment of the goals and processes of practical theological research and that artistic and creative methods must be part of this transformation Heather Walton embodies her understanding of the vocation of the discipline in reflective and creative modes of expression This work is essential reading for all those researching writing or teaching Practical Theology today Redeeming Singleness HyoJu Lee, 2017-02-16 Have you made a New Year s resolution to get married out of nowhere Did it work When the author turned thirty she put getting married on her New Year s resolution list not because she wanted to get married or had a boyfriend but because of social pressure in which she lived Social pressure made her think that if she wanted to ever get married it was better to do so sooner than later For three consecutive years she prayed about it and made efforts to form relationships After three years passed by she was still single and unhappy As she reflected on her unhappiness she finally realized that she was not happy because she was not able to accomplish a goal that was ultimately out of her control How absurd it was to put get married on my New Year s resolution As she eliminated marriage from her New Year s resolutions and focused on what she really wanted to do with her life her energy level was boosted Although she did not have any tool to frame her singleness she happened to choose the best course for her Only if she knew the socially constructed characteristics of marriage the first three years of her thirties would have been different The author hopes ministers and never married single women can learn what we think is normal is a very contextual product The author invites never married single women to own their own stories instead of being owned by metanarratives in their lives *Rethinking Faith* James Newton Poling, 2011-08 What can practical theology contribute to other theological disciplines and the church about the nature of God and the church s witness to Jesus Christ in the world What can we learn about the love and power of God in Jesus Christ from the community of survivors of violence Rethinking Faith urges all Christians to consider themselves practical theologians by drawing on their own experiences in making theological assertions Poling couples his understanding of the

tradition with his work with survivors of violence to demonstrate the resilience of Christianity
