Elleman,2019-08-31 The Making of the Modern Chinese Navy includes 14 historical case studies that help to illuminate a number of special characteristics of the modern day Chinese navy most Chinese naval officers perhaps take for granted including a belief in the Mandate of Heaven tributary system and the fear of losing face either in a diplomatic setting or by risking valuable equipment in battle Ethnic and language differences regional loyalties and political mistrust potentially exacerbate these problems Special peculiarities include the Mongol dual officer diarchy that led to the political commissar system utilized by the People's Liberation Army Outside influences such as blockade sanctions or embargoes can exert a profound impact on China just as foreign intervention or equally important a decision not to intervene can often determine the outcome of major maritime events NP The 14 case studies discuss many of these characteristics while the Conclusion examines all case studies together and places them in a historical perspective The Making of the Modern Chinese Navy assesses which of these historical characteristics and peculiarities are still present in full force in China and which ones may no longer have as great an impact on the contemporary Chinese navy [An Apology for the Kafir Bible John Whittle Appleyard,1867](#) **Miyazaki's Animism Abroad** Eriko Ogihara-Schuck,2014-10-30 After winning an Oscar for Spirited Away the Japanese director Hayao Miyazaki's animated films were dubbed into many languages Some of the films are saturated with religious themes distinctive to Japanese culture How were these themes or what Miyazaki describes as animism received abroad especially considering that they are challenging to translate This book examines how American and German audiences grounded on Judeo-Christian traditions responded to the animism in Miyazaki's Nausicaa of the Valley of the Wind 1984 My Neighbor Totoro 1988 Princess Mononoke 1997 Spirited Away 2001 and Ponyo on the Cliff by the Sea 2008 By a close reading of adaptations and film reviews and a study of transitions in their verbal and visual approaches to animism this book demonstrates that the American and German receptions transcended the conventional view of an antagonistic relationship between animism and Christianity With the ability to change their shapes into forms easily accessible to other cultural arenas the anime films make a significant contribution to inter-religious dialogue in the age of secularization **Language in Cognition and Affect** Ewa Piechurska-Kuciel,Elżbieta Szymańska-Czaplak,2013-01-30 The volume contains most updated theoretical and empirical research on foreign or second language processes analyzed from the perspective of cognition and affect It consists of articles devoted to various issues related to such broad topics as gender literacy translation or culture to mention a few The collection of papers offers a constructive and inspiring insight into a fuller understanding of the interconnection of the language cognition affect trichotomy **Heritage Rare Books Auction #6025** , **The Oxford Magazine** ,1890 **The**
