

NAVSEA Source Selection Guide

24 January 2001

24 January 2001

Foreward

The Naval Sea Systems Command Source Selection Guide (SSG) provides streamlined guidance to our headquarters and field acquisition personnel involved in the source selection process. Its purpose is to provide a practical reference tool to explain the processes and techniques that can be used to achieve best value products and services through source selection.

The information contained in the SSG is derived from statutory and regulatory requirements and practical experience. The SSG is not a stand-alone document but must be used in conjunction with the Federal Acquisition Regulation (FAR), the Defense Federal Acquisition Regulation Supplement (DFARS), and the Navy Acquisition Procedures Supplement (NAPS).

This new edition updates NAVSEA's source selection procedures to reflect recent statutory and regulatory changes. It supersedes and cancels the Source Selection Guide issued 31 March 1989, including Change No. 1, dated 6 December 1989, and Change No. 2, dated 12 February 1993. It also supersedes and cancels NAVSEAINST 4280.20, Subj: *Standard Source Selection Plan for Contractor Support Services*, dated 28 February 1994.

The SSG is published electronically on the NAVSEA 02 Intranet. Any changes or recommendations for revisions to the SSG should be forwarded to EllisSL@navsea.navy.mil.

/Signed/
