**Fear of Food** Harvey Levenstein, 2012-02-14 An entertaining and enlightening history of the scares, scams and pseudoscience that have made food a source of anxiety in America. The Boston Globe: Are eggs the perfect protein or cholesterol bombs? Is red wine good for my heart or bad for my liver? Will pesticides and processed foods kill me? In this book, food historian Harvey Levenstein encourages us to take a deep breath and reveals the people and vested interests who have created and exploited so many worries surrounding the subject of what we eat. He tells of the prominent scientists who first warned about deadly germs and poisons and those who charged that processing foods robs them of life-giving vitamins and minerals. These include Nobel laureate Eli Metchnikoff who advised that yogurt would enable people to live to 140 and Elmer McCollum, the discoverer of vitamins, who tailored his warnings about deficiencies to suit the food producers who funded him. He also highlights how companies have taken advantage of these concerns by marketing their products to the fear of the moment. *Fear of Food* is a lively look at the food industry and American culture as well as a much-needed voice of reason. Levenstein expertly questions these stories of constantly changing advice and helps free us from irrational fears so we can rediscover the joy of eating. Guides us through an entertaining series of obsessions: from the outsized fear of flies spreading germs leading to the 1905 invention of the fly swatter to a panic about germ-ridden cats infecting human food which led to a 1912 Chicago public health warning that felines were extremely dangerous to humanity, a roster of American food nuttiness. The Boston Globe: Takes readers through a succession of American fads and panics from an epidemic of germophobia at the start of the twentieth century to fat phobia at its end. He exposes the instigators of these panics: not only the hucksters and opportunists but also the scientists and health experts. Times Literary Supplement

**Quarterly Review of the Methodist Episcopal Church, South**, 1906 The Wolf Richard Guillatt, Peter Hohnen, 2010-04-20 On November 30, 1916, an apparently ordinary freighter left harbor in Kiel, Germany, and would not touch land again for another fifteen months. It was the beginning of an astounding 64,000-mile voyage that was to take the ship around the world, leaving a trail of destruction and devastation in her wake. For this was no ordinary freighter; this was the *Wolf*, a disguised German warship. In this gripping account of an audacious and lethal World War I expedition, Richard Guillatt and Peter Hohnen depict the *Wolf*'s assignment to terrorize distant ports of the British Empire by laying minefields and sinking freighters, thus hastening Germany's goal of starving her enemy into submission. Yet to maintain secrecy, she could never pull into port or use her radio and to comply with the rules of sea warfare, her captain

fastidiously tried to avoid killing civilians aboard the merchant ships he attacked taking their crews and passengers prisoner before sinking the vessels The Wolf thus became a huge floating prison with more than 400 captives including a number of women and children from twenty five different nations Sexual affairs were kindled between the German crew and some female prisoners A six year old American girl captured while sailing across the Pacific with her parents was adopted as a mascot by the Germans Forced to survive on food and fuel plundered from other ships facing death from scurvy and hunted by the combined navies of five Allied nations the Germans and their prisoners came to share a common bond The will to survive transcended enmities of race class and nationality It was to be one of the most daring clandestine naval missions of modern times Under the command of Captain Karl Nerger who conducted his deadly business with an admirable sense of chivalry the Wolf traversed three of the world s major oceans and destroyed more than thirty Allied vessels We learn of the world through which the Wolf moved with all its social divisions and xenophobia its bravery and stoicism its combination of old world social mores and rapid technological change The story of this epic voyage is a vivid real life narrative and simultaneously a richly detailed picture of a world being profoundly transformed by war     Annual Report of the United States Life-Saving Service United States. Life-Saving Service,1899     *Devil's Bargains* Hal Rothman,1998 The West is popularly perceived as America s last outpost of unfettered opportunity but twentieth century corporate tourism has transformed it into America s land of opportunism From Sun Valley to Santa Fe towns throughout the West have been turned over to outsiders and not just to those who visit and move on but to those who stay and control Although tourism has been a blessing for many bringing economic and cultural prosperity to communities without obvious means of support or allowing towns on the brink of extinction to renew themselves the costs on more intangible levels may be said to outweigh the benefits and be a devil s bargain in the making Hal Rothman examines the effect of twentieth century tourism on the West and exposes that industry s darker side He tells how tourism evolved from Grand Canyon rail trips to Sun Valley ski weekends and Disneyland vacations and how the post World War II boom in air travel and luxury hotels capitalized on a surge in discretionary income for many Americans combined with newfound leisure time From major destinations like Las Vegas to revitalized towns like Aspen and Moab Rothman reveals how the introduction of tourism into a community may seem innocuous but residents gradually realize as they seek to preserve the authenticity of their communities that decision making power has subtly shifted from the community itself to the newly arrived corporate financiers And because tourism often results in a redistribution of wealth and power to outsiders observes Rothman it represents a new form of colonialism for the region By depicting the nature of tourism in the American West through true stories of places and individuals that have felt its grasp Rothman doesn t just document the effects of tourism but provides us with an enlightened explanation of the shape these changes take Deftly balancing historical perspective with an eye for what s happening in the region right now his book sets new standards for the study of tourism and is one that no citizen of the West whose life is touched by that industry can

**Princess of the Blood** Brigitte Goldstein, 2005-09-20 The year 1588 finds the Kingdom of France in the grip of its seventh civil war. Three decades of bloody religious strife between Roman Catholics and Protestant Huguenots have cut a seemingly insurmountable rift. Philippe de Treffort is a young nobleman and captain in the army of the Catholic League sworn to defend the Apostolic Faith against the heretic Reformed Religion. When spring maneuvers take him and his troops to a remote village in the southern Ile de France he becomes enthralled with Sandrine the local innkeeper's daughter. From the moment they meet he senses a mystery behind this beautiful headstrong child so different from the peasants among whom she lives. In a moment alone she confesses that she too feels a strange bond with him and that their encounter has revived in her a long held dream of a liberator who would take her away from her miserable village existence. Blowing all conventions to the wind he makes a solemn promise which he is however unable to fulfill as the waves of war engulf their lives and he is called back to fulfill his oath of allegiance to the Catholic cause. Sandrine remains behind in the village waiting for his return. Meanwhile Thierry the innkeeper is now called upon by the richest peasant in the village to make good on a promise to have his daughter married to him. When Sandrine resists the advances of her husband during their wedding night he accuses her of having cast a spell on him and she is taken to Chartres where she is delivered into the hands of the Inquisition. Only her abiding faith in Philippe's promise that he will return gives her the strength to endure the tortures. Her faith is ultimately vindicated and she is spared from being burned at the stake as a witch through a daring rescue launched by Philippe and his retainers. The lovers' time together is all too brief however. Again the war intervenes and Philippe must follow the call of duty leaving Sandrine once again exposed to the vicissitudes of life beyond her control. She must duck a gauntlet of injustice, expulsion, starvation, sexual assaults, imprisonment and all manner of evil machinations including a protracted siege of Paris by the Huguenot army under Henri de Navarre. She descends into the Parisian underworld to escape a miscreant lecher and shares the lot of migrant workers in the South of the Kingdom. Sustained by the friendship of a troop of itinerant actors and the king of beggars and thieves she braves all odds as she resolutely sets out to uncover the secret of her parentage and to gain the freedom from an evil fate that has conspired to keep her and Philippe apart. When she is finally restored to her birthright as a princess of the blood at the royal court she too finds herself caught in the quandary of having to choose

between duty to family and political exigencies and the fulfillment of personal happiness Princess of the Blood is the epic quest of a young woman for her identity and personal freedom and fulfillment in love It is a colorful tapestry depicting a social order shackled by rigid conventions and a mentality dominated by superstition and fanaticism It paints the vagaries of political intrigue and protracted war in a world where deep religiosity is often matched by extreme cruelty an uncompromising world that traps individuals in a pincer of duty and obligations from which there seems no escape Yet as the canvas unfolds it also reveals the promise of redemption in the person of a charismatic leader and a woman of undaunted spirit A brighter scene dawns on the horizon heralding a time when love and tolerance will triumph over war and discord
