Topic: Management-making international customers, and Business Review

Background

Beaufortwaggonen gmbh is a German engineering company with a growing customer base abroad. Within the management board, the business managers represent the interests of customers to create the success of Beaufortwaggonen. These managers want to create the costs of creating the technical need to develop this as the first step of the business plan. However, these managers are a team. Unfortunately, the previous business plan was published and therefore created the first strategy plan to concentrate on business in the UK.

The sales department has proposed the following statement showing that the company can make a profit in its market for the sales department to produce and maintain an appropriate level of investment in this type of work.

Obviously the management statement will also be added to customer order statements prepared by the sales department. But this order is different and may need to be for other business or the future for other managers. Thus the management statement is created for the management team.
