Gang Chen, 2015-06-26 Pass the LEED AP BD they are helpful as reference manuals because of the easy to follow format
Definitely a keeper in my bookshelf for future project reference Karen M Scott Great resource for studying for the LEED
Exam I have taken and passed the LEED AP BD C exam and know what it takes As this author says it s not an easy exam and
he is right What is critical to passing is having great teaching tools and this book is one of them He touches on every aspect
of how to memorize data how questions are formed what to expect on tricky questions the content the test writers are
looking for and every little detail you need to know when preparing for this exam I highly recommend this author s books if
you are serious about passing any of the LEED exams hopefully on the first try S Jennifer Sakiewicz LEED BD it gave me
insight and knowledge on how credits are applied Some questions in your book helped me answer ones on the test Good book
I ll go through it once again when I appear for AP Haresh Vibhakar AIIA India AIA LEED Green Associate Architect A good
outline The book is an excellent outline to learn the necessary items required to study for the exam It is not a comprehensive
study guide in and of itself Practice exam is good indicator of test preparation Paul Levine Solid LEED Study Guide This is
the kind of book I wish was available when I did my original LEED AP exam It teaches you how to study which is so important
when school is a distant memory The bulk of the book helps you review and memorize with mnemonics the concepts for each
credit that you need to know for the exam The questions are good representations of questions on the exam I would
recommend to anyone studying for their exam that they First read the chapters in this book on how to study Second read the
actual LEED BD C guide to give you the background information on the credits and gain comprehension Underline and
review as the author indicates to get the most out of your study time Finally read the rest of this exam guide to help you
review and memorize for the exam missfitz missfitz Very Helpful Guide Gang Chen s LEED BD C Exam Guides very helpful in
consolidating information from USGBC and GBCI sources as well as providing the information that is necessary for the exam
without excess irrelevant information I highly recommend this book for preparation for the LEED BD C exams leedap
