**RDA Around the World** Marie-France Plassard, Gordon Dunsire, 2017-10-02. This book provides a snapshot of the implementation in various countries around the world of the international cataloging standard RDA: resource description and access. All stages of implementing a new standard are covered from initial assessment and impact analysis through translation, staff training and data migration to implementation and user orientation. Contributions include the results of detailed research into awareness of the standard in professional groups, differences between catalog metadata produced using RDA and current local standards and the effect of RDA on the presentation of catalog displays to the end user. The contributions cover aspects of RDA implementation in Canada, China, German speaking countries, Iran, Israel, Mexico, the Philippines, Singapore and Turkey and French, German and Spanish translation activity. The information contained will be relevant for many years to come for those who are intending to implement RDA, review the quality of legacy data, measure the impact of the globalization of cataloguing data or prepare for education and orientation in international bibliographic standards. This book was published as a special double issue of *Cataloging and Classification Quarterly*.

**Vocabulary in the Foreign Language Curriculum** James Milton, Oliver Hopwood, 2022-11-14. Written by experts in the field, this book explains the principles of effective vocabulary instruction for the modern language classroom. While many language classrooms rely on practices which can be outdated, idiosyncratic or ill advised, this book overviews the research and background necessary to successfully integrate vocabulary instruction into the curriculum in a systematic way. Starting with the common gaps in vocabulary instruction, Milton and Hopwood demonstrate how students' development of a large communicative lexicon with an understanding of word structure and collocations is an essential component of language instruction. The book addresses goal setting, curriculum design, word selection, how words are learned, learning in and outside of the classroom and more. It also addresses common myths about teaching vocabulary in the United Kingdom and around the world. This comprehensive
