Bilingual Special Education for the 21st Century: A New Interface Colón, Gliset, Alsace, Tamara O., 2022-05-13 Bilingual students with disabilities have an established right to be educated in their most proficient language However in practice many culturally and linguistically diverse students still do not receive the quality of education that they are promised and deserve Multilingual learners with disabilities must be acknowledged for the assets they bring and engaged in classroom learning that is rigorous and relevant Bilingual Special Education for the 21st Century A New Interface addresses the complex intersection of bilingual education and special education with the overlay of culturally and linguistically sustaining practices This work provides practical solutions to current dilemmas and challenges today's educators of multilingual learners with disabilities face in the classroom Covering topics such as dual language education identification practices and transition planning this book is an essential resource for special education experts faculty and administration of both K 12 and higher education pre service teachers researchers and academicians

Handbook of Research on Reading Comprehension, Second Edition Susan E. Israel, 2017-01-02 This edition provides a transformative snapshot of reading comprehension as a field of study at a seminal moment It maintains the same high level of standards with respect to 1 historical perspectives useful for laying the foundation of study on reading comprehension 2 theoretical perspectives that allow the reader to consider different views on how specific areas have evolved since the first edition 3 excellent chapters on various elements of reading comprehension including major research studies in assessment cultural impacts of reading comprehension issues affecting English language learners and consideration of international populations and 4 identification of future research needs to help raise important questions and stimulate possible hypotheses for future research

Language and Literacy in Bilingual Children D. Kimbrough Oller, Rebecca E. Eilers, 2002-01-01 This book sets a high standard for rigor and scientific approach to the study of bilingualism and provides new insights regarding the critical issues of theory and practice including the interdependence of linguistic knowledge in bilinguals the role of socioeconomic status the effect of different language usage patterns in the home and the role of schooling by single language immersion as opposed to systematic training in both home and target languages The rich landscape of outcomes reported in the volume will provide a frame for interpretation and understanding of effects of bilingualism for years to come

Multilingual Text Comprehension Ute Schönplüg, 2023-11-14 Until today research on monolingual text processing has offered a broad spectrum of results and theoretical explanations of how texts are processed This book extends the current trend to cover only reading comprehension by considering extensively listening comprehension Comprehensive presentations of research on children's listening comprehension allow for a broader developmental

perspective reaching preschool years Although text comprehension is the essence of learning in educational settings and children are confronted continuously with the challenge of getting information from texts comprehensive publications on children's text comprehension are scarce The author posits that a comprehensive review of children's comprehension processes has to analyze the development of fundamental cognitive processes involved in comprehension Therefore this book covers the impact of working and long term memory metamemory inference making and gist building on comprehension performance The role of first and multilingual language proficiency and tasks on specific component processes of text comprehension are discussed Research results concerning the function of multilingual proficiency and tasks in text comprehension are complemented by the author's own published and unpublished research Theoretical considerations lead to models attempting to cover aspects of multilingual text comprehension The aim of the book is to present a state of the art overview of the field to inform researchers and students of various disciplines and practitioners to improve their understanding of how to foster multilingual text comprehension

The Teaching of Reading in Spanish to the Bilingual Student: La Enseñanza de la Lectura en Español Para El Estudiante Bilingüe Angela Carrasquillo, Philip Segan, 2013-10-14 This dual language text provides theory and methodology for teaching reading in Spanish to Spanish English bilingual or Spanish dominant students The goal is to help educators teach these students the skills necessary to become proficient readers and thus successful in the school system At the very core of the book are the hispano parlantes the Spanish speaking children who bring to the schools along with their native language and cultures a wealth of resources that must be tapped and to whom all educators have a responsibility to respond True to the concepts of developing bilingual educators to serve bilingual students the text presents chapters in English and Spanish Each chapter is written in only one language at the preference of the author Thus to be successful with this book the reader must be bilingual Themes emphasized in the text include current reading methodologies the concept of reading as developmental literacy skills reading in the content areas new views of the development of proficiency in the second language issues related to students with special learning needs assessment and the uses of technology in the delivery of instruction Never losing sight of its goal to teach reading in Spanish to bilingual or Spanish dominant students the book includes a series of focusing questions and follow up activities these are not simply translations of existing activities strategies and techniques intended for monolingual English students but specifically designed to be appropriate for Spanish speaking students Directed to university preservice and in service instructors of reading and bilingual education as well as administrators and district and school level staff developers who work with Hispanic populations the book is sensitive at all times to nuances of the languages and cultures of the intended audiences
