Murder Town, USA Yasser Arafat Payne, Brooklynn K. Hitchens, Darryl L. Chambers, 2023-07-14 Far too many poor Black communities struggle with gun violence and homicide The result has been the unnatural contortion of Black families and the inter generational perpetuation of social chaos and untimely death Young people are repeatedly ripped away from life by violence while many men are locked away in prisons In neighborhoods like those of Wilmington Delaware residents routinely face the pressures of violence death and incarceration Murder Town USA is thus a timely ethnography with an innovative structure the authors helped organize fifteen residents formerly involved with the streets and or the criminal justice system to document the relationship between structural opportunity and experiences with violence in Wilmington s Eastside and Southbridge neighborhoods Earlier scholars offered rich cultural analysis of violence in low income Black communities and yet this literature has mostly conceptualized violence through frameworks of personal responsibility or individual accountability And even if acknowledging the pressure of structural inequality most earlier researchers describe violence as the ultimate result of some moral failing a propensity for crime and the notion of helplessness Instead in Murder Town USA Payne Hitchens and Chamber along with their collaborative team of street ethnographers instead offer a radical re conceptualization of violence in low income Black communities by describing the penchant for violence and involvement in crime overall to be a logical resilient response to the perverse context of structural inequality

The Truth About Empire Alan Lester, 2024-06-27 The Truth About Empire comes from expert historians who believe that the truth as far as we can ascertain it matters that our decades of painstaking research make us worth listening to and that our authority as leading professionals should count for something in today s polarised debates over Britain s imperial past Colonial history is now a battlefield in the culture war The public s understanding of past events is continually distorted by wilful caricatures Communities that long struggled to get their voices heard have in their fight to highlight the hidden horrors of colonialism alienated many who prefer a celebratory national history The backlash orchestrated by elements of the media has generated a new concerted denial of imperial racism and violence in Britain s past a disinformation campaign sharing both tactics and motivations with those around Covid Brexit and climate change From Australia and China to South Africa and Egypt this essay collection is an accessible guide to the British Empire and a weapon of defence against the assault on historical truth The disturbing stories told in these pages of Empire s culture politics and economics show why professional research matters when deciding what can and cannot be known about Britain s colonial history
