Writing Back Robin Peel, 2002 Writing Back Sylvia Plath and Cold War Politics explores the relationship between Plath's writing and Cold War discourses and argues that the time 1960 1963 the place England and the global politics are important factors for us to consider when we consider the rhetoric of Plath's later poetry and fiction Based on fresh readings arising from new research this study argues that Plath should not be depoliticized and examines her writing alongside the discourses of the period as expressed in newspaper reporting magazines and BBC radio In contrasting her relationship with institutions in America in the 1950s with her responses in England to church the American arms industry the National Health Service and the Campaign for Nuclear Disarmament it becomes clear that the process of cultural defamiliarization causes Plath to question the model of the individual artist divorced from society a model of the writer that had previously seemed so attractive

The Clue to the Brontës G. Elsie Harrison, 2025-06-02 Originally published in 1948 The Clue to the Brontës was written in part as response to a previous biography of Charlotte Brontë by Mrs Gaskell The author argues that Gaskell's biography gets it all wrong Harrison draws connections between Patrick Brontë and John Wesley She finds Gaskell paid too much attention to gossip and did not verify her facts The influence of John Wesley and the revival of evangelical religion is seen as a force in the Romantic Movement's impact on the English novel The same influence is here seen to be at work in the writings of the Brontës including those of their father Patrick
