

SORRY!

AGES 6+ / 2-4 players

CONTENTS

- Gameboard
- 12 SORRY! pawns
- 45 cards
- 2 power-up tokens

OBJECT

Be the first player to get all three of your pawns from your color Start to your color Home.

ASSEMBLY

Pop out the power-up tokens.

GET READY!

1. Each player takes three pawns of one color and places them on the matching Start spaces.
2. Shuffle the cards and place them face down in the center of the board.
3. Place the two power-up tokens in the center of the board.

LET'S PLAY!

Youngest player goes first. Play passes to the left.

ON YOUR TURN

1. Draw a card from the SORRY! deck and follow the instructions on the card.
2. Place the card face up on DISCARD HERE. If you run out of cards to draw, reshuffle the discard pile and place them face down in the center of the board.

STARTING A PAWN

Any positive number card can move any of your pawns out of the Start space. Pawns move clockwise around the board (unless instructed otherwise!).

together leading play therapists to describe state of the art clinical approaches and applications The book explains major theoretical frameworks and summarizes the contemporary play therapy research base including compelling findings from

neuroscience Contributors present effective strategies for treating children struggling with such problems as trauma maltreatment attachment difficulties bullying rage grief and autism spectrum disorder Practice principles are brought to life in vivid case illustrations throughout the volume Special topics include treatment of military families and play therapy interventions for adolescents and adults Getting to the Common Core Sharon L. Spencer, Sandra Vavra, 2015-01-01 The Common Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Value s of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research **Cambridge Global English Stage 3 Teacher's Resource** Annie Altamirano, Caroline Linse, Elly Schottman, 2014-05-22 Cambridge Global English is a nine stage language rich course for learners of English as a Second Language following the Cambridge International Examinations curriculum framework Teacher s Resource 3 provides step by step guidance notes for teachers for each lesson in every unit to support teaching the content of Learner s Book 3 Notes on Activity Book 3 are also included A unit overview provides a snapshot of lesson objectives and the language and skills covered The notes include answer keys to activities in the Learner s Book and Activity Book complete audio scripts suggestions for differentiation and assessment cross curricular links portfolio opportunities and additional unit linked photocopiable activities and unit based wordlists Crisis Preparedness Guide: How to Survive the Coming Collapse
