**Georgia's Historical Recipes** Valerie J. Frey, 2025-05-01 Georgia's Historical Recipes is an exploration of our state's oldest recipes from the antebellum period through World War II as painstakingly researched by Georgia archivist Valerie J. Frey. This volume begins with a discussion of old recipes as primary sources and what they can tell us about the history and culture of their era and how to bring them to life in modern kitchens. Frey then moves into fifty sections that can be read alone yet allow readers to build an understanding of how foodways evolved over time. Some sections highlight a single recipe illustrating how changes in technology, agriculture, transportation, communication, and social patterns led to changes in Georgia kitchens. Most of the recipes are previously unpublished, waiting in archives to be rediscovered. Other sections explore our oldest cookbooks, offering biographical and cultural background information that makes them more meaningful. For the first time, Georgians have a list of the state's early cookbooks and its cooking experts. Readers will learn where to find Georgia's oldest recipes and discover many examples to whet their appetites literally and figuratively for a taste of Georgia's past.

**Southern Cakes** Nancie McDermott, 2007-06-07 Taste the chocolatey goodness of Mississippi Mud or marvel at the extravagant elegance of the Lady Baltimore, and there will be no doubt that Southerners know how to bake a cake. Here are 65 recipes for some of the most delicious ever: Jam cakes and jelly rolls, humble pear bread, and peanut cake. Whole chapters on both chocolate and coconut cakes each moist and delicious. Forkful represents the spirit of the South. A Baking 101 section offers the cake basics, some finishing touches that means frosting and lots of it, and the how-to's of storing each lovely concoction so that the last slice tastes as fresh and delightful as the first.

**Picnics and Porcupines** Candice Goucher, 2024-09-03 Journey to the edges of the Great Lakes in this engaging history of picnicking, wilderness, and foodways. This stunning venture into the American picnic explores how innovation, exploitation, and the changing wilderness of Michigan's Upper Peninsula have shaped the experience of eating outdoors. From a photo of her grandmother picnicking in 1911 to the outdoor lunches of miners and loggers to the picnics of vacationing celebrities like Henry Ford and Ernest Hemingway, author Candice Goucher opens an aperture into historic memories of picnics past to consider what the picnic sparks in our senses and to bring the borderlands of humans and nature into view. Through pictures, postcards, paintings, and recipes, Goucher traces the creation of a modern notion of wilderness as it emerged in the North American imagination and popular culture to navigate an entangled environmental and culinary history of the Upper Peninsula. Drawing on themes from Indigenous knowledge and the African American experience to labor activism and women's history, this tantalizing chronicle offers a taste of Americana seasoned by the changing global forces of industrialization, transportation, immigration, tourism, war, and climate.
