Landmark of the Spirit Annie Polland, 2009-01-01 New York City's magnificent Eldridge Street Synagogue was built in 1887 in response to the great wave of Jewish immigrants who fled persecution in eastern Europe. Finding their way to the Lower East Side, the new arrivals formed a vibrant Jewish community that flourished from the 1850s until the 1940s. Their synagogue served not only as a place of worship but also as a singularly important center in the development of American Judaism. A near ruin in the 1980s that was recently reopened after a massive twenty-year restoration, the Eldridge Street Synagogue has been named a National Historic Landmark. But as Bill Moyers tells us in his foreword, the synagogue is also a landmark of the spirit, the spirit of a new nation committed to the old idea of liberty. Annie Polland uses elements of the building's architecture—the facade, the benches, the grooves worn into the sanctuary floor—as points of departure to discuss themes, people, and trends at various moments in the synagogue's history, particularly during its heyday from 1887 until the 1930s. Exploring the synagogue's rich archives, the author shines new light on the religious life of immigrant Jews, introduces various rabbis, cantors, and congregants, and analyzes the significance of this special building in the context of the larger American Jewish experience. Culinary Landmarks Elizabeth Driver, 2008-04-05 *Culinary Landmarks* is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisinière bourgeoise* was published in Quebec City in 1825 to the mid-twentieth century. Over the course of more than ten years, Elizabeth Driver researched every cookbook published within the borders of present-day Canada, whether a locally authored text or a Canadian edition of a foreign work. Every type of recipe collection is included, from trade publishers' bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups. The entries for over 2,200 individual titles are arranged chronologically by their province or territory of publication, revealing cooking and dining customs in each part of the country over 125 years. Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books. Driver's excellent general introduction sets out the evolution of the cookbook genre in Canada, while brief introductions for each province identify regional differences in developments and trends. Four indexes and a *Chronology of Canadian Cookbook History* provide other points of access to the wealth of material in this impressive reference book.

Crowning the Nice Girl Christine R. Yano, 2006-06-30 After World War II, Japanese Americans in Hawai'i sought to carve a positive niche of public citizenship in the community. In 1953, members of the Honolulu Japanese Junior Chamber of Commerce and their wives created a beauty contest, the Cherry Blossom Festival CBF Queen Pageant, which quickly became an annual spectacle for the growing urban population of Honolulu. *Crowning the Nice Girl* analyzes the pageant through its decades of development to the present within multiple frameworks of gender, class, and race/ethnicity. Drawing on extensive archival research, interviews with CBF queens, contestants, and organizers, and

participant observation in the Fiftieth Annual Festival as a volunteer Christine Yano paints a complex portrait of not only a beauty pageant but also a community The study begins with the subject of beauty pageants in general and Asian American beauty pageants in particular interrogating the issues they raise embedding them within their histories and examining them as part of a global culture that has taken its model from the Miss America contest Yano follows the pageant throughout the decades into the 1990s adding corresponding herstories extensive narratives drawn from interviews with CBF queens She concludes by framing issues of race ethnicity spectacle and community within the intertwined themes of niceness and banality

Kelly, Frederick Maire, Arthur Seymour Jennings, 1895 **Women's Suffrage Memorabilia** Kenneth Florey, 2013-06-06

While historians have long recognized the importance of memorabilia to the Woman Suffrage movement the subject has not

been explored apart from a few restricted albeit excellent studies Part of the problem is that such objects are scattered about in various collections and museums and can be difficult to access Another is that most scholars do not have ready knowledge of the general nature and history of the type of objects postcards badges sashes toys ceramics sheet music etc that suffragists produced Then new techniques in both printing and manufacturing created numerous possibilities for supporters to develop campaigns of visual rhetoric This work analyzes 70 different categories of suffrage memorabilia while providing numerous images of relevant objects along the way and discussing these innovative production methods Most important this study looks at period accounts often fascinating of how why when and where the memorabilia were used in both America and England
