## **Wrightbus Bus Drivers Manual:**

The Routemaster Pocket-Book Matthew Jones, 2020-02-20 Nothing encapsulates the essence of London quite like the red double decker Routemaster bus. Its iconic design since its 1956 inception has become as much a symbol of the capital as St Paul's or Tower Bridge. The design was revolutionary, drawing largely on the many innovative technological advances brought about by the development of aircraft during the Second World War. Boasting a lightweight two part sub frame assembly, independent front suspension, an automatic gearbox, power hydraulic braking and power steering, this truly modern machine was like nothing seen before in public transport. The Routemaster was specifically designed and constructed for service in the tough operating conditions of London and its suburbs. It served this vast area for nearly half a century and its utility and mechanical reliability made it a dependable workhorse for London Transport, leading to several refurbishments and life extensions before it was finally withdrawn from general service in 2005. Cherished by the public and tourists alike, it is a genuine classic and many heritage examples remain in working order. Indeed, you can still hop on a Routemaster on parts of London's number 9 and 15 routes. This book is a delightful celebration of the Routemaster, using authentic material covering its exterior and interior design, technical aspects and operation, and illustrated with diagrams and line drawings throughout. There are sections on learning to be a bus driver circa 1960, behind the scenes in a bus garage, reports and press releases on the first Routemasters, timetables and bus maps from 1956, instructions for drivers and conductors, and even a user's guide to the Gibson bus ticket machine for all aspiring clippies. As Mayor of London Boris Johnson's new Routemaster takes to the road, it is a timely reminder of just how great the original was. **The Wrightbus, StreetDeck** David Barrow, 2023-06-30

The origins of Wrightbus can be traced back to just after the Second World War in 1946 when the company was founded as Robert Wright Son Coachbuilders in Ballymena, Northern Ireland. Robert was joined by daughter Muriel and son William. Robert Wright died in 1972. In 2017, William was awarded a Knighthood in the Queen's New Year's honors. Manufactured from the end of 2014, the integral constructed StreetDeck is built in both single and double deck variations, the vast majority in the latter. At the time of writing, the workforce stood at 770, but by the end of 2022, that figure will be nearer one thousand. In 2021, 70% of production was diesel powered, but in 2022, only 30% will be diesel, with the other 70% zero emissions.
