

Analysis of Wuthering Heights by Emily Brontë

Final scene represents the tragic end of the most trivial love affair in the book. Yet it proceeds to represent much more for Heathcliff. For Heathcliff Catherine's death directly correlates to his loss of joy, passion, and stability. Bronte noticeably reveals that Heathcliff's murder is Catherine and vice versa. This is evident when Heathcliff states "I love my murderer" with contrast with "but yours! How can I?". Heathcliff can forgive his murderer because it is Catherine, the one person with whom Heathcliff shares joyous memories, who provided motivation for him to become a gentleman and better himself, and who served as a constant goal for Heathcliff to reach, his dream for them to be together.

This is why it is so hard that Catherine's murder, turns out to be himself. Their separation killed Catherine. Bronte uses this tragic love scene to convey her purpose: true love is so consuming it can kill you, not just physically, but psychologically as well. Heathcliff can never forgive what he has done to Catherine, his broken heart changes him emotionally and mentally throughout the novel.

Bronte reveals the twisted reasoning of Heathcliff's desire for his son as a front for Heathcliff's true motive, to gain control of Thrushcross Grange. This ability for Heathcliff to unemotionally use his son as pawn serves as a symbol of heathcliff's desperation for revenge. Bronte includes Heathcliff's heartless comment "I should not wish him to die till I was certain of being his successor" as a way to keep reminding the reader of Heathcliff's journey as a lower class citizen. Heathcliff has no emotion towards using his son, who is the key to one element heathcliff has never been able to reach, power in society.

This element is so important to Heathcliff because Catherine had decided social ranking over their true love. Heathcliff will never forgive himself for not being what she wanted even after death. If that means using his son to achieve that goal, it is nothing to him. This ties into Bronte's purpose: For the desperate, family is collateral in the search for power. Heathcliff has no problem using Linton as a pawn if that means accelerating his plan for complete control over the people in his life.

Bronte noticeably touches on the protective nature of the adults at Thrushcross Grange, reflecting the separation between classes and especially the cultivation of young women and their status in that time period. The ultimate goal in this quote and the situation created by Edgar and Nelly is to keep young Catherine away from the wild, uneducated, gritty world that Wuthering Heights represents and contain her in the calm, polite, and superior environment of Thrushcross grange. Bronte even includes that "Wuthering Heights and Mr. Heathcliff did not exist for her", she knows nothing of her family, during that time period it was thought that women were mentally and emotionally weaker than men.

Critical Essays on Emily Brontë Tom Winnifrith, 1997 A collection of reviews and critical essays on Brontë's poetry and

fiction **Private Sphere to World Stage from Austen to Eliot** Elizabeth Sabiston, 2017-11-30 Emily Dickinson's poem "This is my letter to the World That never wrote to Me" opens the Introduction which focuses on the near anonymity of nineteenth century women novelists. Close readings of works by five British novelists: Jane Austen, Charlotte and Emily Brontë, Elizabeth Gaskell, and George Eliot offer persuasive accounts of the ways in which women used stealth tactics to outmaneuver their detractors. Chapters examine the hidden manifesto in Austen's works whose imaginative heroines defend women's writing; the lasting impact of Jane Eyre with its modest heroine who takes up the pen to tell her own story even on male writers outside the English tradition; Cathy's testament as the ghost text of *Wuthering Heights* and the shifting gender roles in *Daniel Deronda* with its silenced heroine and androgynous hero. Though the focus is on British novelists, the author's discussion of the Anglo-American connections in the factory novels of Elizabeth Gaskell and the slavery writings of Harriet Beecher Stowe has particular relevance for its demonstration of how the move from the private to the public sphere enables and even compels the blurring of national and ethnic boundaries. What emerges is a compelling argument for the relevance of these novelists to the emergence in our own time of hitherto silenced female voices around the globe. *Writing Exploratory Essays* Steven M. Strang, 1995 Progresses from expressive to expository to argumentative aims and culminates in the exploration of literary texts. *Poetics, Ideology, Dissent* Valentina Vetri, 2023-05-24 This book examines the translations carried out by Italian novelist Beppe Fenoglio, one of the most important Italian writers of the twentieth century. It stems from the acknowledgement that Beppe Fenoglio's translations have not been examined in the political, cultural, and ideological context in which they were produced but have been dismissed as a purely linguistic exercise. The author examines Fenoglio's translations as culturally and ideologically informed artistic expressions in which Fenoglio was able to give voice to his dissent towards the mainstream ideology and poetics of his times, often choosing authors and characters with whom he identified, such as Shakespeare, Milton, and Marlowe. The interaction between the theories of Translation Studies, Literary Theory, and Adaptation Studies foregrounds the centrality of the role of the translator, showing how Fenoglio's ideology and poetics were clearly visible both in the selection of the texts he translated and in his translation strategies. **A Companion to the Brontës** Diane Long Hoeveler, Deborah Denenholz Morse, 2016-05-31 *A Companion to the Brontës* brings the latest literary research and theory to bear on the life, work, and legacy of the Brontë family. Includes sections on literary and critical contexts, individual texts, historical and cultural contexts, reception studies, and the family's continuing influence. Features in-depth articles written by well-known and emerging scholars from around the world. Addresses topics such as the Gothic tradition, film and dramatic adaptation, psychoanalytic approaches, the influence of religion, and political and legal questions of the day, from divorce and female disinheritance to worker reform. Incorporates recent work in Marxist, feminist, post-colonial, and race and gender studies. *Essays in Stylistic Analysis* Howard S. The Location of Experience Adela Pinch, 2024-10-15 We tend to feel that works of fiction give us special access to lived experience But how do novels cultivate that feeling Where exactly does experience reside The Location of Experience argues that paradoxically novels create experience for us not by bringing reality up close but by engineering environments in which we feel constrained from acting By excavating the history of the rise of experience as an important category of Victorian intellectual life this book reveals how experience was surprisingly tied to emotions of remorse and regret for some of the era's great women novelists the Brontës George Eliot Margaret Oliphant and Elizabeth Gaskell It shows how these writers passed ideas about experience and experiences themselves among each other Drawing on intellectual history psychology and moral philosophy The Location of Experience shows that through manipulating the psychological dimensions of fiction's formal features Victorian women novelists produced a philosophical account of experience that rivaled and complemented that of the male philosophers of the period
