*State Capability in India* T. V. Somanathan,Gulzar Natarajan,2022-04-04 The deficiencies in the capability of the state to design and implement effective policies are arguably the biggest development challenge facing developing countries like India This book seeks to assess state capability in India identify weaknesses in policy design and programme implementation and their causes and propose some measures to remedy them Importantly it does so while recognizing political economy constraints and focusing predominantly on the administrative contributors To this extent the book s suggestions are practical enough for adoption by stakeholders at different levels It describes the institutional design constitutional provisions the organizational structure and the personnel of the Indian state It covers a wide spectrum of aspects impacting state capability ranging from ideological narratives and systemic constraints to procedural and personnel management issues to the behaviours and attitudes of individual bureaucrats It offers a new analytical framework to think about effectiveness of state on the policy making process It also offers a nuanced perspective and suggestions on many of the popular themes in public administration size of the state generalist and specialist debates lateral entry digital monitoring systems in governance outsourcing and private participation use of consultants risk aversion in bureaucracies performance based incentives programme evaluations and so on Finally being participants and observers in the bureaucratic system the authors describe reality without always seeking to locate it in the framework of existing

academic literature thereby offering fresh insights and enriching the discourse on state capability

**Motherhood and Choice** Amrita Nandy, 2017-10-02 How can women live fully If autonomy is critical for humans why do women have little or no choice vis vis motherhood Do women know they have a choice if they do How free are these choices in a context where the self is socially mired and deeply enmeshed into the familial What are implications of motherhood on how human relatedness and belonging are defined These questions underlie Amrita Nandy's remarkable research on motherhood as an institution one that conflates woman with mother and personal with political As the bedrock of human survival and an unchallenged norm of normal female lives motherhood expects and even compels women to be mothers symbolic and corporeal Even though the ideology of pronatalism and motherhood reinforce reproductive technology and vice versa the care work of mothering suffers political neglect and economic devaluation However motherhood and non motherhood is not just physiological As the pivot to a web of heteronormative institutions such as marriage and the family motherhood bears an overwhelming and decisive influence on women's lives Against the weight of traditional and contemporary histories socio political discourse and policies this study explores how women as embodiments of multiple identities could live stigma free authentic lives without having to abandon reproductive self determination Published by Zubaan
