Kennedy and Why?* Kevin Quinn, This is an Enhanced E Book Edition with videos and pictures President John F Kennedy tried to Warn us of the secrete Shadow Government that has taken control of our country There is a plot in this country to enslave every man woman and child Before I leave this high and noble office I intend to expose this plot In a speech three weeks before he was murdered John F Kennedy asked the American people for their help in this tremendous task of informing and alerting the American people For I have complete confidence in the response and dedication of our Citizens whenever they are fully informed Because he knew that he could not defeat this secrete society of corporate demons on his own But I am confident that with your help man will be what he was born to be Free and Independent Kennedy realized as do many American s today that the CIA possessed entirely too much power and was placing our Nation in grave danger acting on their own starting war after war after war without the consent or authority of either the President Congress or the American people Kennedy angrily vowed to splinter the CIA into a thousand pieces and scatter them to the winds Twice the CIA flatly refused to carry out the President s orders concerning Vietnam and their planned invasion of Cuba because the agency disagreed with him Kennedy likened the CIA S growth to a malignancy which he was not sure even the White House could control any longer The agency represents a tremendous power and total unaccountability to anyone Kennedy went on to say that If the United States ever experiences an attempt at a coup to overthrow the Government it will come from the CIA John F Kennedy tried to end the Wars and do away with the Federal Reserve Banksters that control our government and a month later they blew his brains out into a thousand pieces and scattered them to the winds **Who Murdered FDR?** Stephen B. Ubaney ,2017-01-10 Why did Eleanor Roosevelt in 1957 12 years after FDR s death suddenly hire a private investigator to probe the case Why were all of FDR s medical records were stolen from a locked filing cabinet at Bethesda Naval Hospital History now reveals that FDR died in the presence of two Russian spies who were painting his portrait and in 1995 his cousin published a diary claiming

This book answers all of these questions and is a full-fledged punch in the face to anyone who believes the lies that we've been told in the history books for more than 75 years. FDR didn't just die; he was murdered. Prepare to be fascinated.

The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004. The Radical Right and the Murder of John F. Kennedy: Stunning Evidence in the Assassination of the President. Harrison E. Livingstone's major new book, the fifth of his works on the death of JFK, brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22, 1963. The book represents forty years of work. The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X-rays which Mr. Livingstone first exposed; the alteration of the autopsy report; the framing of the designated patsy, Lee Harvey Oswald; and the substitution and fabrication of every single piece of evidence. It discusses the role played in the murder by some of the most powerful men in the country: Lyndon Johnson, J. Edgar Hoover, and Richard Nixon, as well as the rich oil men and companies who backed them. It then describes the cover-ups by the media, the major investigations over the years, the FBI, and the mind control cooperation at work in the case to misdirect researchers and the public. The book describes in great detail the people and companies in Texas who planned and carried out the assassination. It names names. One recent investigation in the 90s followed Mr. Livingstone's preceding work and reinvestigated with the witnesses both he and the official investigations had talked to, but this time took into consideration their documentation and what they had actually said. In a chapter, this is his stunning new evidence from the U.S. government under President Clinton that is blowing the lid off the case. Mr. Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference. As a result, Mr. Livingstone was on all major TV networks and on the Today show, NBC, with Katie Couric the next morning. The book also contains the story of Dallas doctor Charles Crenshaw's law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992. Dr. Crenshaw's book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr. Livingstone's major work on the medical evidence. High Treason 2 were JAMA's targets and the depositions contain much discussion of Mr. Livingstone's major impact on the JFK case. This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century: Decoding the Forgery of the Zapruder Film.

LBJ: The Mastermind of the JFK Assassination Phillip F. Nelson, 2013-07-01. LBJ aims to prove that Vice President Johnson played an active role in the assassination of President Kennedy and that he began planning his takeover of the U.S. presidency even before being named the vice presidential nominee in 1960. Lyndon B. Johnson's flawed personality and character traits formed as a child, grew unchecked for the rest of his life, as he suffered severe bouts

of manic depressive illness He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though it s recorded that some of his aides knew of his struggle with bipolar disorder After years of researching Johnson and the JFK assassination Phillip F Nelson conclusively shows that LBJ had an active role in JFK s assassination and he includes newly uncovered photographic evidence proving that Johnson knew when and where Kennedy s assassination would take place Nelson s careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country s history

Kennedy Blaine Taylor,2014-03-27 JFK had won the Presidency in 1960 by a razor thin majority and his re election campaign for 1964 was expected to be as close He began it in November 1963 with a kick off multi city four day swing across the important state of Texas It was going unexpectedly well when shots were fired into his triumphant motorcade in downtown Dallas that ripped history apart changing it forever The assassination of American President John F Kennedy in 1963 came at the very height of both the Cold War following the Second World War and the Pax Americana that was thought to exist at the war s conclusion in 1945 The United States and its allies possessed a far greater number of nuclear weapons than their Soviet adversaries but the latter could unleash World War 3 and a nuclear Armageddon that would destroy them all The sudden and totally unexpected murder in broad daylight in an American city of one of the most popular presidents in history was the murder mystery of the 20th century The Cold War could have become hot and nuclear within minutes The murderer had to be found and vital questions had to be answered quickly Who did it why and who ordered Kennedy s assassination Was the deed part of a conspiracy foreign domestic or both Were none of the these questions part of the bloody puzzle and was it entirely possible that only one man was responsible The questions remain to this very day and Dallas Fifty Years On The Murder of John F Kennedy reveals sensational new evidence eyewitness accounts and top secret documentation **The JFK Assassination** Don Becker,2010-12 Revised February 2011 I called the book a researcher s guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book

Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good sniper would have been in position well in advance of his prey s expected arrival which Oswald was not But wait there s more Looking at some of the evidence from a totally different perspective I was able to prove a conspiracy I compared the wounds with the Bullet count and the time statistics of the rifle I assure you no one has looked at it from this viewpoint The closest any author came to mentioning this concept was Harrison Livingstone s book *High Treason JFK Assassination Logic* John McAdams,2011 Untangling the logic behind the JFK conspiracy claims [The Four Guns](#) John Koerner,2024-10-29 What would our country be today if Abraham Lincoln James Garfield William McKinley and John F Kennedy had survived their assassinations Would this country and the world we live in today be better or worse What if Lincoln and McKinley had lived through their second terms What if Garfield and Kennedy had completed their four years in office and gone on to get reelected The Four Guns has three purposes First to explain the circumstances surrounding the four assassinations and examine any evidence for possible conspiracy The second is to trace the history of the four assassination weapons readers will learn the types of firearms used how the assassins acquired them and where they are now most of this information has never been written about or made public The third purpose is to examine how American history would have changed if the presidents had survived their assassinations and to show just how much these four weapons deprived us of a better future
