[The Roots of Fake News](#) Brian Winston, Matthew Winston, 2020-09-01 The Roots of Fake News argues that fake news is not a problem caused by the power of the internet or by the failure of good journalism to assert itself Rather it is within the news s ideological foundations professionalism neutrality and most especially objectivity that the true roots of the current crisis are to be found Placing the concept of media objectivity in a fuller historical context this book examines how current perceptions of a crisis in journalism actually fit within a long history of the ways news media have avoided obscured or simply ignored the difficulties involved in promising objectivity let alone truth The book examines journalism s relationships with other spheres of human endeavour science law philosophy concerned with the pursuit of objective truth to argue that the rising tide of fake news is not an attack on the traditional ideologies which have supported journalism Rather it is an inevitable result of their inherent flaws and vulnerabilities This is a valuable resource for students and scholars of journalism and history alike who

are interested in understanding the historical roots and philosophical context of a fiercely contemporary issue *Taking Sides: Clashing Views in Mass Media and Society* Alison Alexander, Jarice Hanson, 2010-02-23 This volume presents current controversial issues surrounding mass media and society in a debate style format designed to stimulate student interest and develop critical thinking skills Mass media refers collectively to all media technologies including the Internet television newspapers and radio which are used for mass communications and to the organizations which control these technologies This topic is framed with a general summary and introduction and a postscript or challenge questions This work features an annotated listing of selected World Wide Web sites and an online instructor's resource guide with testing material available The readings which represent the arguments of leading scholars and media commentators discuss topics such as the media's relationship with the public freedom of speech and the future of media and media technologies *The US Army and the Media in Wartime* Kendall D. Obi, 2023-02-06 In this edited collection contributors analyze how the media is navigating Africa's most populous nation Nigeria and its mediated democracy Despite its constitutional role recognizable as the fourth estate of the realm the Nigerian media has a history of confronting daunting challenges headlong This book captures an array of the challenges faced from British colonialism and military rule to democratic dispensation Ordinarily democracy is purposefully streamlined to elevate freedom of expression to an inalienable right and a necessary corollary of democracy Yet media freedom in Nigeria has been tortuous and nebulous and there is a paradoxical difference in how the state relies on the media for partnership while also obstructing accountable journalism that would hold the state and the media itself accountable The editors provide a poignant outlook of the onerous interactions and dialectics of media and democracy and the cascading state power Contributors argue for open democratic deliberations civic space and freedom of the press all rooted in public good Scholars of journalism political communication media studies African studies law democratic studies and political science will find this book of particular interest *The Virginia Quarterly Review*, 2010 *The Times Index*, 2009 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement □□□□□□, 2009 □□□□□□□□□□: □□□□□□□□□□, 2015 ***Dinamika pemasaran politik di Malaysia*** Mat Zin Mat Kib, Ahi Sarok, 2014 On campaign management and political marketing in Malaysia collection of sixteen articles *Humas parlemen* Handrini Ardiyanti, Mandala Harefa, 2015 On infrastructure development in Indonesia *Book Review Index - 2009 Cumulation* Dana Ferguson, 2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications
