Expectation Hangover Christine Hassler, 2016-01-15 When our expectations are met and things go according to plan we feel a sense of accomplishment we feel safe in control and on track But when life does not live up to our expectations we end up with an Expectation Hangover This particular brand of disappointment is profoundly uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step by step treatment plan This book reveals the formula for how to process Expectation Hangovers on the emotional mental physical and spiritual levels to immediately ease suffering Instead of wallowing in regret self-recrimination or anger we can see these experiences as catalysts for profound transformation and doorways that open to possibility Often it is only when life throws us a curveball or several that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love By the time you finish this book you will understand why your Expectation Hangover happened and have your own treatment plan a clear course of action to pursue your goals while preventing future disappointment **The Resilience Toolkit** Jonathan Rees, 2019-02-04 Today's workplace is fast-paced highly complex and sometimes even life-threatening Yet it is possible to thrive in the pressure cooker of modern work life We all have the right to enjoy rather than just endure work In the unpredictability of even the most challenging environments the route to success and fulfilment at work is to build our resilience This groundbreaking book provides a highly effective toolkit that will empower you to survive thrive and flourish in the dynamic and fast-changing context of blue light services Discover how to Be ready for the unexpected feel calm and confident under pressure and avoid burnout Reduce stress and anxiety by understanding the essential components of a

resilient work life Evaluate your own resilience factor with the Workplace Resilience Instrument Jonathan Rees shows us through bright examples and actionable exercises that we too can thrive under pressure Our own resilient behaviors can be modeled to match the situations we face Although reading about what makes people resilient can be insightful Jonathan s battery of self assessment tools provides the reader with specific feedback to be more effective and view adverse situations as opportunities more so than danger Dr Larry Mallak Western Michigan University Author of The Workplace Resilience Instrument WRI This book represents the next stage of Jonathan s work and provides any senior leader in the public sector with an opportunity to learn and refresh the practical skills that will help them in these challenging roles Whether you are a senior leader in policing the NHS or elsewhere in the public sector I would recommend that you read this book and adopt its principles I promise that it will help you to survive and thrive in the pressure cooker Chief Superintendent Ian Wylie Vice president Police Superintendents Association

The Aftermath John Mutua Mugambi,2023-12-08 After a decade of graduate studies in the US he returned to a homeland transformed not for the better The once pristine landscapes were now marred by environmental degradation and polluted waterways With water becoming a scarce resource the rural communities who depended heavily on fuelwood stood at a precarious juncture Urban centers once bustling with life now languished in squalor More disturbingly he observed a pollution of the mind those who should have been stewards of the earth were either indifferent or alarmingly unaware They failed to see the broader implications of their actions Determined to make a difference he began advocating for the earth s restoration emphasizing its vital significance After all the earth is our shared home and neglecting it risks the future of us all

The Human Society Valentin Matcas,2016-04-20 Is the human society fair and fulfilling as you learn in school or it is harmful with corrupt politicians financial cartels and major conspiracies spanning the world as you always notice Both are the case yet the human society improves gradually despite of all corruption in the news only that the media tends to highlight politicians in order to capture the masses or you never watch the news Because it is always a show even in the news while everybody is happy But is society actually corrupt and harmful The human society has always been exploitive yet people tend to interact in any manner in the world more or less humane while it is meaningful to distinguish your own influence exactly as it is Would you like to learn the truth about the human society Then study yourself and those around very well since society is the direct interconnectivity of all human beings with you in it Therefore you are the one defining society directly at least in everything regarding you and this is the case with everyone else While everybody is relatively good intentioned in society since we are very similar through our human nature and through all natural living needs and meanings that we fulfill Because humanity is never divided into the good and the bad since everybody is good by having similar natural needs and meanings only that people can become more exploitive while fulfilling consensual needs as these make them be whatever their superiors jurisdictions and ideologies desire stepping in this manner outside the actual human nature And this is bad since this is exactly how humans become unhuman with all

dreadful consequences manifesting in the world Because humans fulfill mostly consensual needs as orders and duties coming from above but not their own human needs as everyone should While this ends up defining the human society the most changing it altogether into a social machine meant for profit and exploitation and it should never be the case in a human world Because there are two human societies to consider the natural intelligent human society that everyone seeks to have and maintain through their own living natural needs and feelings and the consensual society actually instated in the world regardless if you want it or not Throughout this book we study how life and living human beings gather naturally to form classes of life and living societies meant to make life better safer meaningful and therefore fulfilling We also understand the current human society in its consensual structure and characteristics in all aspects and from all perspectives Furthermore we identify and understand the various modes of society that life and the environment may demand as we recognize what is meaningful among orders agendas and conspiracies already implemented or threatening to take place in the world who the main social actors are and how determined they remain in everything that they do in the human society This helps you understand your own meaning in life in society and in the world while understanding how your meaning is enhanced or altered by your own behavior and interconnectivity in life and in the world If you seek to uncover and understand the human society exactly as it is and as it should be this book is for you *The Argument Hangover* Aaron Freeman,Jocelyn

Freeman,2021-03-16 Learn how you and your partner can fight smarter communicate like pros and handle any challenge as a team You know that feeling right after an argument you ve had with your partner You feel kind of sick to your stomach your head is buzzing and you re zoned out You regret what you said or how you said it and you re hurt by their actions as well Almost like a food or alcohol hangover right Aaron and Jocelyn Freeman your new favorite relationship mentors call this the argument hangover In this relatable no b s book for couples the Freemans explain what an argument hangover is what causes it and how to clearly communicate your needs to feel understood without having to change each other This modern guide includes step by step tools and exercises you can implement right away so you can handle the challenges that so many couples face today Topics include Why conflict doesn t have to be something you avoid How to keep arguments from escalating How to resolve those nagging two or three disagreements that keep coming up Embrace conflict and grow from it with the right communication skills and say goodbye to argument hangovers once and for all
