## Why Truth Matters:

**Why Truth Matters** Jeremy Stangroom, Ophelia Benson, 2006-02-09 Truth has always been a central preoccupation of philosophy in all its forms and traditions Yet in the late twentieth century truth became suddenly rather unfashionable The precedence given to assorted political and ideological agendas along with the rise of relativism postmodernism and pseudoscience in academia led to a decline both of truth as a serious subject and an intellectual tradition that began with the Enlightenment Why Truth Matters is a timely incisive and entertaining look at how and why modern thought and culture lost sight of the importance of truth It is also an eloquent and inspiring argument for restoring truth to its rightful place Jeremy Stangroom and Ophelia Benson editors of the successful butterfliesandwheels website itself established to fight fashionable nonsense identify and debunk such senselessness and the spurious claims made for it in all its forms Their account ranges over religious fundamentalism Holocaust denial the challenges of postmodernism and deconstruction the wilful misinterpretation of evolutionary biology identity politics and wishful thinking Why Truth Matters is both a rallying cry for the enlightened vision and an essential read for anyone who's ever been bored frustrated bewildered or plain enraged by the worst excesses of the fashionable intelligentsia **True to the Life. **Christianity and Rabbinic Judaism** Jonas E. Alexis, 2011-12-29 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus's deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis

Believing Against the Evidence Miriam Schleifer McCormick, 2014-10-30 The question of whether it is ever permissible to believe on insufficient evidence has once again become a live question Greater attention is now being paid to practical dimensions of belief namely issues related to epistemic virtue doxastic responsibility and voluntarism In this book McCormick argues that the standards used to evaluate beliefs are not isolated from other evaluative domains The ultimate criteria for assessing beliefs are the same as those for assessing action because beliefs and actions are both products of agency Two important implications of this thesis both of
