William Ellet The Case Study Handbook Bing:

The Case Study Handbook, Revised Edition William Ellet, 2018-08-28 The guide all MBAs and executive students need. If you're enrolled in an MBA or executive education program you've probably encountered a powerful learning tool: the business case. But if you're like many people, you may find interpreting and writing about cases mystifying and time-consuming. In *The Case Study Handbook, Revised Edition*, William Ellet presents a potent new approach for efficiently analyzing, discussing, and writing about cases. Early chapters show how to classify cases according to the analytical task they require: making a decision, performing an evaluation, or diagnosing a problem, and quickly establish a base of knowledge about a case. Strategies and templates, in addition to several sample Harvard Business School cases, help you apply the author's framework. Later in the book, Ellet shows how to write persuasive case analytical essays based on the process laid out earlier. Examples of effective writing further reinforce the methods. The book also includes a chapter on how to talk about cases more effectively in class. Any current or prospective MBA or executive education student needs this guide.

The Case Study Handbook William Ellet, 2007 If you've enrolled in an executive education or MBA program, you've probably encountered a powerful learning tool: the business case. This text presents a potent approach for analyzing, discussing, and writing about cases.
