## **Wijnanda Deroo Places Of Memory:**

**Places of memory** Wijnanda Deroo, Maarten Doorman, 2014 Fotoboek van de Nederlandse fotograaf Wijnanda Deroo over plaatsen van herinnering interieurs van werk en opslagplaatsen met wisselende functies **Lower East Side Memories** Hasia R. Diner, 2020-11-10 Manhattan s Lower East Side stands for Jewish experience in America With the possible exception of African Americans and Harlem no ethnic group has been so thoroughly understood and imagined through a particular chunk of space Despite the fact that most American Jews have never set foot there and many come from families that did not immigrate through New York much less reside on Hester or Delancey Street the Lower East Side is firm in their collective memory Whether they have been there or not people reminisce about the Lower East Side as the place where life pulsed bread tasted better relationships were richer tradition thrived and passions flared This was not always so During the years now fondly recalled 1880 1930 the neighborhood was only occasionally called the Lower East Side Though largely populated by Jews from Eastern Europe it was not ethnically or even religiously homogenous The tenements grinding poverty sweatshops and packs of roaming children were considered the stuff of social work not nostalgia and romance To learn when and why this dark warren of pushcart lined streets became an icon Hasia Diner follows a wide trail of high and popular culture She examines children s stories novels movies museum exhibits television shows summer camp reenactments walking tours consumer catalogues and photos hung on deli walls far from Manhattan Diner finds that it was after World War II when the Lower East Side was enshrined as the place through which Jews passed from European oppression to the promised land of America The space became sacred at a time when Jews were simultaneously absorbing the enormity of the Holocaust and finding acceptance and opportunity in an increasingly liberal United States Particularly after 1960 the Lower East Side gave often secularized and suburban Jews a biblical yet distinctly American story about who they were and how they got here Displaying the author s own fondness for the Lower East Side of story books combined with a commitment to historical truth Lower East Side Memories is an insightful account of one of our most famous neighborhoods and its power to shape identity **Present** Tanja Karreman, Janine Schulze, 2007 *A Critical History of Photography in the Netherlands* Saskia Asser, 2007 The themes of the Dutch Eyes exhibition were chosen for their significance to the history of photography as well as to the country s cultural history Areas of particular interest include distinctive 19th century photographs taken by engineers the debate about photography s status as an art form at the start of the 20th century the catastrophic flood in 1953 the former colonies and U 2018 the self critical gaze This thematic approach makes it possible to see work by famous photographers alongside work by unknown figures who wielded the camera The exhibition includes an abundance of work that has never previously been shown from collections including those of the Rijksmuseum Stedelijk Museum Amsterdam Leiden University s Print Room Amsterdam City Archives and the Nederlands Fotomuseum *Architectuur in Nederland* ,2000 *New York* ,2004
