

1986 Models

A photograph of a white Wilderness travel trailer with red and brown stripes, parked on a grassy field. The trailer has "wilderness" written on its side and a graphic of mountains. Two propane tanks are visible at the rear. In the background, there are snow-capped mountains under a clear blue sky. To the left, a wooden fence and a few people are visible.

Camping Grounds Phoebe S.K. Young,2021-04-01 An exploration of the hidden history of camping in American life that connects a familiar recreational pastime to camps for functional needs and political purposes Camping appears to be a simple proposition a time honored way of getting away from it all Pack up the car and hit the road in search of a shady spot in the

great outdoors For a modest fee reserve the basic infrastructure a picnic table a parking spot and a place to build a fire Pitch the tent and unroll the sleeping bags Sit under the stars with friends or family and roast some marshmallows This book reveals that for all its appeal the simplicity of camping is deceptive its history and meanings far from obvious Why do some Americans find pleasure in sleeping outside particularly when so many others past and present have had to do so for reasons other than recreation Never only a vacation choice camping has been something people do out of dire necessity and as a tactic of political protest Yet the dominant interpretation of camping as a modern recreational ideal has obscured the connections to these other roles A closer look at the history of camping since the Civil War reveals a deeper significance of this American tradition and its links to core beliefs about nature and national belonging Camping Grounds rediscovers unexpected and interwoven histories of sleeping outside It uses extensive research to trace surprising links between veterans tramps John Muir African American freedpeople Indian communities and early leisure campers in the nineteenth century tin can tourists federal campground designers Depression era transients family campers backpacking enthusiasts and political activists in the twentieth century and the crisis of the unsheltered and the tent based Occupy Movement in the twenty first These entwined stories show how Americans camp to claim a place in the American republic and why the outdoors is critical to how we relate to nature the nation and each other

Field & Stream ,1977-10 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations
