Lacy,2013-11-26 This book presents a moderately revisionist history of the great books idea anchored in the following movements and struggles fighting anti intellectualism advocating for the liberal arts distributing cultural capital and promoting a public philosophy anchored in mid century liberalism that fostered a shared civic culture

Wisconsin Library Bulletin ,1928 **The History of the Supreme Court of the United States** William M. Wiecek,2006-01-23 The Birth of the Modern Constitution recounts the history of the United States Supreme Court in the momentous yet usually overlooked years between the constitutional revolution in the 1930s and Warren Court judicial activism in the 1950s 1941 1953 marked the emergence of legal liberalism in the divergent activist efforts of Hugo Black William O Douglas Frank Murphy and Wiley Rutledge The Stone Vinson Courts consolidated the revolutionary accomplishments of the New Deal and affirmed the repudiation of classical legal thought but proved unable to provide a substitute for that powerful legitimating explanatory paradigm of law Hence the period bracketed by the dramatic moments of 1937 and 1954 written off as a forgotten time of failure and futility was in reality the first phase of modern struggles to define the constitutional order that will dominate the twenty first century **From This House** Elizabeth D'Amour,2004 Throughout the story the author s psychic symbols of home and family are woven Each home setting contributes to her learning about relationships in a family setting She must learn how to contribute as a healthy family member as a daughter wife and mother She learns that the lessons are hers and not others who abuse her in the name of love that is selfish She realizes that she is the only one who can make her life worth while by going about her business of changing herself The author married at twenty six years old having learned the mor s of women s lives in the eighteen hundreds When the social revolution of the 1960 s came in her life she had four small children She found herself trapped in a non communicative marriage with no skills to sustain her in the outer world The pain of feelings overwhelmed her This was a perfect milieu to

causer her to reach out for the process and freedom that social change promised That process eventually engulfed her whole life The story is a series of remembrances from the first forty five years of her life These tiny pictures were put together slowly in order to answer the questions of how she became so frightened of men of power especially what caused her to be so reticent to trust anyone especially herself A thirty five year odyssey of courageously facing all that she could remember This demanded an absolute valiant search for truth She learned how she participated in her own abuse as well as how she came to be in such a sad marriage The author bravely changed great and small parts of her life The author eventually left her children s home for a long time then began to rebuild these relationships being mindful of all that she had learned The author s journey of pain and change eventually reveals a gifted creative and intelligent warm woman Her inner life is candidly described stitch by stitch about her feelings and those of others
