Irvine, 2019-09-03 A practical refreshingly optimistic guide that uses centuries old wisdom to help us better cope with the stresses of modern living Some people bounce back in response to

setbacks others break We often think that these responses are hardwired but fortunately this is not the case Stoicism offers us an alternative approach Plumbing the wisdom of one of the most popular and successful schools of thought from ancient Rome philosopher William B Irvine teaches us to turn any challenge on its head The Stoic Challenge then is the ultimate guide to improving your quality of life through tactics developed by ancient Stoics from Marcus Aurelius and Seneca to Epictetus This book uniquely combines ancient Stoic insights with techniques discovered by contemporary psychological research such as anchoring and framing The result is a surprisingly simple strategy for dealing with life s unpleasant and unexpected challenges from minor setbacks like being caught in a traffic jam or having a flight cancelled to major setbacks like those experienced by physicist Stephen Hawking who slowly lost the ability to move and writer Jean Dominique Bauby who suffered from locked in syndrome The Stoics discovered that thinking of challenges as tests of character can dramatically alter our emotional response to them Irvine s updated Stoic test strategy teaches us how to transform life s stumbling blocks into opportunities for becoming calmer tougher and more resilient Not only can we overcome everyday obstacles we can benefit from them too
