timely and provocative contribution to the American discourse on race William Julius Wilson applies an exciting new analytic framework to three politically fraught social problems the persistence of the inner city ghetto the plight of low skilled black males and the fragmentation of the African American family Though the discussion of racial inequality is typically ideologically polarized Wilson dares to consider both institutional and cultural factors as causes of the persistence of racial inequality He reaches the controversial conclusion that while structural and cultural forces are inextricably linked public policy can only change the racial status quo by reforming the institutions that reinforce it

When Work Disappears William J. Wilson, 1996 For the first time in the 20th century the majority of adults in the inner cities are not working In an important and long awaited study one of the country's leading sociologists the acclaimed author of *The Truly Disadvantaged* analyzes the disappearance of work and its effects on the inner city of Chicago

Racial Politics, Globalization, and the Urban Underclass Tim Lake, William J. Wilson, Marilyn Yaquinto, 2003

Encyclopedia of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2010-09-23

Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond

Adam Tocock Reference Reviews

In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference

However university reference librarians can tell you this is often far from the case

Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will

And reference librarians often find it difficult to guide these students to a quick one stop source

In response SAGE Reference is publishing the two volume Encyclopedia of Criminological Theory available in both print and electronic formats

This serves as a reference source for anyone interested in the roots of contemporary criminological theory

Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses

In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook

And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures

Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory

The declining significance of race William Julius Wilson, 1980

Popular Fronts Bill V Mullen, 2024-04-22

The Communist International's Popular Front campaign of the 1930s brought to the fore ideas that resonated in Chicago's African American community

Indeed the Popular Front not only connected to the black experience of the era but outlasted its Communist Party affiliation to serve as both model and inspiration for a postwar cultural insurrection led by African Americans

With a new preface Bill V Mullen updates his dynamic reappraisal of a critical moment in American cultural history

Mullen's study includes reassessments of the politics of Richard Wright's critical reputation and a provocative reading of class struggle in Gwendolyn Brooks' *A Street in Bronzeville*

He also takes an in depth look at the institutions that comprised Chicago's black popular front the Chicago Defender the period's leading black newspaper

Negro Story the first magazine devoted to publishing short stories by and about African Americans and the WPA sponsored South Side Community Art Center

The Case for the Living Wage Jerold L. Waltman, 2004
