Au XIXe siècle le répertoire dramatique français a connu un extraordinaire succès dans le monde entier de la même façon que le cinéma américain domine de nos jours les écrans des cinq continents. Joués en français ou traduits les pièces françaises ont été applaudies sous toutes les latitudes au point qu'on a pu croire en 1856 que l'imagination de la France était devenue l'imagination du monde. C'est cette page inconnue de l'histoire des relations culturelles internationales que les 29 études rassemblées ici entendent retracer. De l'Australie au Québec de Naples New York le présent ouvrage permet de comprendre les différentes formes prises par cette suprématie qui loin d'être anecdotique a rendu possible la diffusion des idées et des mœurs françaises. L'heure de l'exception culturelle il n'est pas inutile de se souvenir de ce qui fut un véritable phénomène de société l'hégémonie mondiale. P 4 of cover *L'illustration*, 1879
