TERI, 2021-07-01 TERI Energy Environment Data Diary and Yearbook TEDDY is an annual publication brought out by TERI since 1986. It is the only comprehensive energy and environment yearbook in India that provides updated information on the energy supply sectors: coal and lignite, petroleum and natural gas, power and renewable energy sources, energy demand sectors: agriculture, industry, transport, household buildings, and environment, local and global. Recent changes in the energy sector and environment are depicted with the help of graphs, figures, maps, and tables. The publication also reviews government policies associated with energy and environment. TEDDY 2019/20 gives an account of India's commercial energy balances extensively covering energy flows within different sectors of the economy and how they have been changing over time. These energy balances and conversion factors are a valuable reference for researchers, scholars, and organizations engaged in energy and related sectors. Contents of the book are organized into three sections: Energy Supply, Energy Demand, and Local and Global Environment. Interlinkage of SDGs with energy and environment also forms the subject matter of TEDDY 2019/20. The thirty-fifth edition continues to remain less prose-intensive with inclusion of more data represented with the help of infographics, thus making the publication an authentic and interesting read.

Key Features: Provides a review of government policies, programmes, and initiatives that have implications for the petroleum and natural gas sector and the Indian economy.
