## **Stories Of Resilience Of Young Adults:**

**Stories of Resilience in Childhood** Daniel D. Challener, 2019-10-01 What helps a child overcome extraordinary obstacles Why do some children surmount many difficulties and go on to live fulfilling lives while other children who face similar difficulties end up living desperate sad lives What helps children beat the odds What builds resilience in children These are critically important questions yet for too long social scientists doctors psychologists and teachers have studied children who failed and tried to figure out what caused the failure Only relatively recently have they begun to focus on what creates success Originally published in 1997 this book is an effort to understand better what contributes to a child's success and resilience The source of information will be autobiographies of childhoods autobiographical stories written by adults remembering their difficult childhoods This is not a research study or case study rather it is an attempt to read and listen to five stories about resilient children and see what they can tell us about supporting children and building resilience

**Stories of Resilience of Young Adults** Audrey Siemens, 2014 Assisting young people in becoming resilient is the topic of much research in the education community My research utilised the life stories of four participants and sought to understand their experiences in their attainment of resiliency Their personal accounts offered a unique perspective Attachment Theory Locus of Control Theory and Self Efficacy Theory has much to offer the topic of resiliency and support the findings of my study Results indicate that each of the participants had secure attachments an internal locus of control and a strong personal self efficacy Optimism and hardiness were evident as each participant spoke about the process of attaining resiliency Insights as to how educators can utilise the findings of this research and promote resilience were also addressed
