This stimulating coursebook covers Paper 2 Topic 5: The Cold War in the 20th Century World History syllabus for the IB History programme. The book is divided into thematic sections following the IB syllabus structure and is written in clear, accessible English. It covers the following areas for detailed study: Wartime conferences (Yalta and Potsdam), US policies and developments in Europe (Truman Doctrine, Marshall Plan, NATO), Soviet policies (Sovietisation of Eastern and Central Europe, COMECON), Warsaw Pact, Sino-Soviet relations, US-Chinese relations, Germany and Castro, Gorbachev, Kennedy, Mao, Reagan, Stalin, Truman.

History for the IB Diploma: The Cold War and the Americas 1945-1981 John Stanley, 2012-09-27. An exciting series that covers selected topics from the Higher Level options in the IB History syllabus. This coursebook covers Higher Level option 3, Topic 10: The Cold War and the Americas, 1945-1981. The text is divided into clear sections following the IB syllabus structure and content specifications. It offers a sound historical account along with detailed explanations and analysis, and an emphasis on historical debate to prepare students for the in-depth extended essay required in the Paper 3 examination. It also provides plenty of exam practice, including student answers with examiner's comments, simplified mark schemes, and practical advice on approaching the Paper 3 examination. *Primary Geography Primary History* Peter Knight, 2013-11-26

The theme of this book is the teaching and learning of the humanities in the primary years. While it dwells on the National Curriculum, it also examines issues of current international concern, drawing upon international research literature.

History and Future David J. Staley, 2007-01-01. The book reexamines this long-held belief and argues that the historical method is an excellent way to think about and represent the future. At the same time, the book asserts that futurists should not view the future as a scientist might, aiming for predictions and certainties, but rather should view the future in the same way that an historian views the past. **World Order in History** Paul Dukes, 2022-12-28. World Order in History, 1996.

argues that historians' ideas about world order have been influential in transforming nations' sense of themselves, and it pursues these arguments with particular reference to Russia and the Soviet Union and the Western world. Japan's International Relations Glenn D. Hook, 2001. This detailed and lucid volume is an essential resource for students of Asian Studies and International Politics. *The Left in History* Willie Thompson, 1996-12-20. The political tradition loosely termed the left has been brought to crisis point as the twentieth century draws to a close. In this cohesive and wide-ranging study, Willie Thompson charts the history of the left from its origins in the French Revolution to the present crisis. The schisms between revolution and reform, which have so characterised the left and which have determined its shape as a world

movement during the twentieth century are described and analysed in detail Thompson focuses on the principal currents including the rise and fall of Bolshevism Leninism and Stalinism the embrace and subsequent abandonment of Marxist rhetoric by former Soviet allies in the Third World European social democracy and actually existing socialism in states such as China and Cuba The impact of alternatives to the mainstream Trotskyism Maoism and Eurocommunism is assessed and the potential for the New Left and postwar social forces such as feminism environmentalism and identity politics to facilitate renewal is evaluated Thompson concludes that if the left is to play any part in addressing the unfinished agenda of the post 1990s then it must develop a clear understanding of the historical lessons that follow from its earlier embodiments
