Congress,2011 **United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 4** , Cadets on Campus John A. Coulter,2017-03-24 Since the founding of the United States Military Academy at West Point in 1802 more than eight hundred military schools have existed in this country The vast majority have closed their doors been absorbed into other educational institutions or otherwise faded away but others soldier on adapting to changing times and changing educational needs While many individual institutions have had

their histories written or their stories told to date no single book has attempted to explore the full scope of the military school in American history *Cadets on Campus* is the first book to cover the origin history and culture of the nation's military schools secondary and collegiate and this breadth of coverage will appeal to historians and alumni alike Author John Alfred Coulter identifies several key figures who were pivotal to the formation of military education including Sylvanus Thayer the father of West Point and Alden Partridge the founder of the school later known as Norwich University the first private military school in the country He also reveals that military schools were present across the nation despite the conventional wisdom that most military schools and indeed the culture that surrounds them were limited to the South Coulter addresses the shuttering of military schools in the era after the Vietnam War and then notes a curious resurgence of interest in military education since the turn of the century

Motown Encyclopedia Graham Betts, 2014-06-02 Motown means different things to different people The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye Diana Ross Stevie Wonder The Temptations The Jackson 5 The Supremes and numerous others With each group recalled there is an accompanying piece of music of the mind from Baby Love My Girl Signed Sealed Delivered I Heard It Through The Grapevine ABC and Tears Of A Clown and countless more Quite often you can ask people what kind of music they like and they will simply answer Motown and both they and you know exactly what is meant Or rather what is implied The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly dance orientated hits most of which were written and produced by the trio of Brian Holland Lamont Dozier and Eddie Holland This period is referred to naturally enough as the Golden Era when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world The kind of music that had them Dancing In the Street from Los Angeles to London Miami to Munich and San Francisco to Sydney It was the kind of music that attracted scores of imitators some good some not so good The kind of music that appealed to the public and presidents alike and still does It was that Motown that this book was intended to be about However when you start digging deeper into the Motown story you realise that throughout its life which for the purposes of this book is its formation in 1959 through to its sale in 1988 it was constantly trying other musical genres looking to grab hits out of jazz country pop rock middle of the road and whatever else might be happening at the time Of course it wasn't particularly successful at some of the other genres although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth the group and focus instead on the total sales

achieved on Rare Earth the label This book therefore contains biographies of all 684 artists who had releases on Motown and their various imprints as well as biographies of 16 musicians 23 producers 19 writers and 13 executives There are also details of the 50 or so labels that Motown owned licensed to or licensed from All nine films and the 17 soundtracks are also featured Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries with 222 singles 84 albums and five EPs being featured Finally there are 36 other entries covering such topics as the Hollywood Walk of Fame the Motortown Revues Grammy Awards and the most played Motown songs on radio The 1 178 entries cover every aspect of Motown and more of the link between Granny in The Beverly Hillbillies and Wonder Woman of the artists from Abbey Tavern Singers to Zulema and the hits from ABC to You Really Got A Hold On Me The Motown Encyclopedia is the story of Motown Records Yesterday Today Forever Horses and Helicopters Jim Downey,2014 Horses and Helicopters is about my father Major James R Downey JR US Army Retired and Technical Sgt James R Downey III MA US Air Force Retired and their military experiences Part I Horses is an chronological review of Pops travel He did not talk much about experiences except when he and his military friend met and I happened to be listening My thought was that I would at least leave a little taste for my kids It would have been nice if I knew more about that part of his life It all really got started when I received a questioner from one of the fighter squadrons I had the privilege being part of during the Vietnam Conflict After Vietnam I put the questioners on a computer and would work on answering the questions time permitted I used the question as a guide the answer might not have anything to do with the question but did key a memory Each question has three responses DaNang Udorn and Korat About half way through the questions I became curious about what POPs experience were so I went through all his pictures and papers to include some research information I had to do his chronologically because I could not ask him questions He died in 1986 He enlisted at the age of 16 in the Horse Calvary 1927 breaking horses thus the Horse part of the book He is on the cover and is the trooper in the middle His travels started in 1930 to the Philippines China 1932 when Japan invaded In the 1940 s he went from being a First Sargent of a Negro Artillery Battalion to 2nd Lieutenant England France and Germany were next and then back to the Philippines for the X Day invasion Then 1949 WE went back to Germany as a family for three years occupation forces In 1955 and after 28 years he retired Part II Helicopters is about my 3 tours to The Republic of Vietnam RVN 1 In 1966 1967 Danang RVN Rocket City Musical chairs and Russian roulette 366 Tactical Fighter Squadron F4 Phantoms 2 In 1969 1970 Udorn Thailand L98 Laos and Vietnam 40th ARRS HH 53 aircraft 3 In 1972 1973 Karat Udorn Thailand Ben Hoa RVN Again with the rockets 354 TFW A7D aircraft Some pictures are included It is easier to use the Table of Contents as a guide *I Was a Stranger and You Took Me In* Lois E.
