Book of Needs G. V. Shann (ed), 1969 *Rethinking Gender in Orthodox Christianity* Ashley Purpura, Thomas Arentzen, Susan Ashbrook Harvey, 2023-11-09 What is the role of gender in Eastern Christianity In this volume Orthodox experts of different disciplines and cultural backgrounds tackle this complex question They engage critically with gender issues within their own tradition Rather than simply accepting pervasive assumptions and practices the authors challenge readers to reconsider historically or theologically justified views by offering nuanced insights into the tradition The first part of the book explores normative positions in Orthodox texts and contexts From examinations of Scripture and hagiography to re evaluations of monastic patriarchal and legal sources it sheds new light on gender issues in Orthodox Christianity The second part considers how gendered expectations shape individuals participation in Orthodox liturgical life and how ecclesial contexts inflect gender theologically The chapters reflect diverse Orthodox voices brought together to foster new understandings of the ways gender shapes Orthodox religious lives and beliefs Rethinking what has been inherited from tradition the authors proffer new perspectives on what it means to be a man or woman within Orthodoxy in the twenty first century A Catalogue of Choice and Valuable Books Including Transactions of Learned Societies and Selections from Several Private Libraries Bernard Quaritch (Firm), 1898 **Catalogue** Bernard Quaritch (Firm), 1897 *Landscape Liturgies* Nick Mayhew-Smith , 2021-08-30 *Landscape Liturgies* offers outdoor worship material drawn from 2 000 years of outdoor Christian practice It contains prayers rituals blessings and liturgies compiled from Anglican Roman Catholic Methodist and Orthodox sources as well as early church material the desert tradition and monastic spirituality It includes resources for the blessing of water courses tree planting garden blessings a wide range of churchyard ceremonies Rogation and other processional ideas field and animal blessings pilgrim and walking prayers ceremonies at holy wells and sacred grottoes at hilltops and landmark monuments and for the ringing of bells which traditionally demarcated sacred space in the landscape This fascinating and versatile resource will enable urban and rural churches and church schools retreat houses and pilgrimage centres to conduct a wide variety of services and meditations in the landscape around them *Chrismation* Nicholas E. Denysenko, 2014-05-07 What is chrismation Nicholas Denysenko breaks open chrismation as sacrament of belonging by exploring its history and liturgical theology This study offers a sacramental theology of chrismation by examining its relationship with baptism and the Eucharist and its function as the ritual for receiving converts into the Orthodox Church Drawing from a rich array of liturgical and theological sources Denysenko explains how chrismation initiates the participant into the life of the triune God beginning a process of theosis becoming like God The book includes a

chapter comparing and contrasting chrismation and confirmation along with pastoral suggestions for renewing the potential of this sacrament to transform the lives of participants

Church of Our Granddaughters Carrie Frederick Frost, 2023-02-16 Church of Our Granddaughters is a visionary work of theology and ethics that looks hopefully and lovingly two generations into the future imagining the Orthodox Church's practices and realities rightfully aligned with its core theological teachings and truths regarding women This reverent but bold work offers the necessary insight and inspiration to create a community that welcomes all its members our granddaughters as well as our grandsons thus allowing the Orthodox Church to better incarnate its mission of service and transfiguration

Eastern Orthodoxy and the Science-Theology Dialogue Christopher C. Knight, 2022-08-04 This Element examines the science theology dialogue from the perspective of Eastern Orthodox Christianity and provides a critique of this dialogue based on six fundamental aspects of that theology i Its understanding of how philosophy may authentically be used in the theological task ii Its understanding of the use and limitations of scientific and theological languages iii Its understanding of the role of humanity in bringing God's purposes to fulfilment iv its sense that material entities should be understood less in materialist terms than in relation to the mind of God v Its Christological focus in understanding the concept of creation vi Its sense that the empirical world can be understood theologically only when the world to come is taken fully into account It is argued that Orthodoxy either provides an alternative pan-Christian vision to the currently predominant one or at the very least provides important new conceptual insights
