

SERVICE TAX MASTER CIRCULARS – A REVIEW

*By Madhular N Hiregange (FCA., DISA(ICA))
and Srikantha Rao T (B.Com., ACA)*

The Service Tax law following the draconian Central Excise methodology had numerous circulars issued by the Board, Chief Commissioners, Commissioners which led to confusion as also revenue losing cases due to this reason. A part of the reform process has been to reduce circulars. In 2007, two circulars were issued in service tax in order to clarify the procedural issues faced by assesseees as also certain technical issues as well under service tax. The two separate circulars issued for this purpose were Circular 97/6/2007 ST dated August 23, 2007 on procedural issues and Circular 96/6/2007 ST dated August 23, 2007 clarifying technical issues under service tax. The assessee would be better off following the provisions stated in the Finance Act and the relevant set of rules and refer these circulars only where information is not available in the Finance Act/rules. In this article, we look at these two circulars separately with the discussion being on areas where the circulars differ from the earlier circulars/clarifications/instructions or the rules.

Circular 96/6/2007 ST dated 23.08.07 – Clarification on technical issues

This circular consolidates the procedural issues under service tax and supersedes all previously issued circulars, instructions and clarifications issued on the same subjects. The circular would however not prevail over the provisions stated in the relevant Rules or the Finance Act or the orders issued u/s 37B of Central Excise Act 1944 as made applicable to service tax.

Canvassing advertisements for publishing on commission basis

The earlier circular regarding the subject (78/6/2004 ST dated 23.03.04) was withdrawn in 2007. The new circular now holds the activity of mere canvassing advertisements for publishing on commission basis, as taxable under Business Auxiliary Service. This should also be seen in light of the activity of selling space and time which is liable under the category of Advertisement – Sale of space or time services which excludes sale in print media (excluding trade catalogues/business directories/yellow pages for commercial purposes) and sale of time slots by broadcasters. The question of taxing the activity under Advertising Agency Services could arise where the definition of "advertising agency" can be satisfied.

Consulting engineer self-employed

Even such engineer would be liable to service under the category of consulting engineer provided he satisfies the conditions set out there under. This is being clarified again as the earlier circular
