

Understanding the Zip-Set mode

Zip-Set is the easiest way to set a light or an appliance to automatically turn on at sunset. Just set the phone area code where you live, make sure the Zip-Set mode is activated, and you're finished.

Zip-Set is pre-set to the 212 area code (New York City) time zone, so if you live in New York within the 212 area code, simply press the "Mode" button to "ZIP" and it will automatically turn on your lights or appliance at sunset and turn off after 6 hours. But if you live in another area code, please follow Zip-Set phone area code set up instructions.

Do not touch the time setting! It must always be set to the Default Preset Factory Time (NY - (212) local time) for the zip-set program to work.

Learn Timer Function Menu Settings

Each press changes the setting mode with corresponding symbols flashing on the LCD display.

Note: Use the mode button to select programs or Zip setting. If in the "OFF" mode, will not allow proper programming.

Setting the Timer

Zip-Set telephone area code set up.

The area code setting is pre-set at the factory to 212 (NYC) area code. (If you live in another area code other than 212, you need to change to the area code that you live in.)

1. Press the Set Button until you see 3 digits on the display (212). The 1st digit should flash.

2. Press the On/Off Button to adjust numbers up or down. Press On/Off Button to edit next digit. Continue until the correct telephone area code is displayed.

3. After inputting the Zip-Set area code, then select the amount of 2, 4, 6, 8, 10, 12, 14 or 16 hours that the timer will turn off after sunset. (The default is 6 hours.)

Note: If a new area code was introduced after this unit was manufactured or if you enter an invalid/non-existent area code, you will get an error message stating "AREA CODE NOT FOUND". Enter the closest correct area code for zip set mode to function properly.

Doing so will produce an error message on the display. To resolve the error message, change the off time by at least one minute using the forward or reverse button.
